Bird's-eye view of Oglethorpe as it will some day appear. The building on the right as you enter the cruciform quad is the Administration Building; already completed and equipped. The building on the left of the driveway, with the tower, is Lupton Hall, occupied in 1926. The building directly in front of the driveway at the extreme farther side of the campus, is Lowry Hall, now ready for occupancy.

THE PRAYER OF OGLETHORPE UNIVERSITY

FATHER OF WISDOM, MASTER OF THE SCHOOLS OF MEN, OF THINE ALL-KNOWLEDGE GRANT ME THIS MY PRAYER: THAT I MAY BE WISE IN THEE. SINK THOU MY FOUNDATIONS DOWN DEEP INTO THY BOSOM UNTIL THEY REST UPON THE VAST ROCK OF THY COUNSEL. LIFT THOU MY WALLS INTO THE CLEAR EMPYREAN OF THY TRUTH. COVER ME WITH THE WINGS THAT SHADOW FROM ALL HARM. LAY MY THRESHOLD IN HONOR AND MY LINTELS IN LOVE. SET THOU MY FLOORS IN THE CEMENT OF UNBREAKABLE FRIENDSHIP AND MAY MY WINDOWS BE TRANSPARENT WITH HONESTY. LEAD THOU UNTO ME, LORD GOD, THOSE WHOM THOU HAST APPOINTED TO BE MY CHILDREN, AND WHEN THEY SHALL COME WHO WOULD LEARN OF ME THE WISDOM OF THE YEARS, LET THE CRIMSON OF MY WINDOWS GLOW WITH THE LIGHT OF THE WORLD. LET THEM SEE, O MY LORD, HIM WHOM THOU HAST SHOWN ME; LET THEM HEAR HIM WHOSE VOICE HAS WHISPERED TO ME AND LET THEM REACH OUT THEIR HANDS AND TOUCH HIM WHO HAS GENTLY LED ME UNTO THIS GOOD DAY. ROCK-RIBBED MAY I STAND FOR THY TRUTH. LET THE STORMS OF EVIL BEAT ABOUT ME IN VAIN. MAY I SAFELY SHELTER THOSE WHO COME UNTO ME FROM THE WINDS OF ERROR. LET THE LIGHTNING THAT LIES IN THE CLOUD OF IGNORANCE BREAK UPON MY HEAD IN DESPAIR. MAY THE YOUNG AND THE PURE AND THE CLEAN-HEARTED PUT THEIR TRUST SECURELY IN ME NOR MAY ANY THAT EVER COME TO MY HALLS FOR GUIDANCE BE SENT ASTRAY. LET THE BLUE ASHLARS OF MY BREAST THRILL TO THE HAPPY SONGS OF THE TRUE-HEARTED AND MAY THE VERY HEART OF MY CAMPUS SHOUT FOR JOY AS IT FEELS THE TREAD OF THOSE WHO MARCH FOR GOD. ALL THIS I PRAY THEE; AND YET THIS, MORE: THAT THERE MAY BE NO STAIN UPON MY STONES, FOREVER. AMEN.

THE GOVERNMENT OF THE UNIVERSITY*

BOARD OF FOUNDERS

The details of the management of Oglethorpe University are handled by an Executive Committee of twenty-one men. The property is legally kept in trust by a Board of Trustees of seven men. The General Board of Directors meets at least once each year, at commencement time, on the university campus near Atlanta, to inspect the institution, to review all matters of large importance in the University, and to give directions to the Executive Committee which is elected by them and from their number, and which attends to the details of management of the Institution between the meetings of the Board of Directors. Each member of the Board represents a gift of two thousand dollars or more to the University, or an annual gift of not less than \$100.00.

Thus there is no one associated with the ownership or control of the institution in an important capacity who is not making a personal sacrifice in its behalf.

In many cases they represent groups, societies, churches or families who combined their gifts in the founding of the University.

Prospective students will not fail to note the quality of these men, representing the thousands of men and women whose sacrifices and prayers have consummated this fine purpose. As representatives and governors of the Institution they will take pleasure in giving any inquirers information as to the aims and progress of the University.

HISTORICAL SKETCH

The historical genesis of Oglethorpe University takes us back to the middle of the eighteenth century when, under the leadership of Presbyterian men, Princeton College was founded in New Jersey and rapidly became the institution largely patronized by the young men from Presbyterian families all over the world. After a while the long distances which must be traveled by stage or on horseback, suggested the building of a similar institution under the auspices of Presbyterianism in the South. The movement began with the Spring meeting of Hopewell Presbytery in the year 1823, and eventuated in the founding of a manual training school, and this, in turn, became Oglethorpe College in 1835 when Midway Hill, in the suburbs of Milledgeville, then the capital of the State of Georgia, was chosen for the location of the Institution. Old Oglethorpe College was thus the first denominational college or university between the Atlantic and Pacific Oceans south of the Virginia line, and, of a right, claimed to be the Alma Mater of all that brilliant company of institutions which were born after her in this vast empire.

The facilities of the old Oglethorpe were adequate for the time. The main building was probably the handsomest college structure in the Southeast when it was erected, and "contained the finest college chapel in the United States not excepting Yale, Harvard or Princeton."

In the Faculty of the Institution may be found the names of men who are world-famous. Among these were Joseph Le Conte, the great geologist; James Woodrow, the brilliant and devoted Christian and

*Entrance to Oglethorpe University, showing the Mand Jacobs' Driveaway,
the Administration Building, and the tower of Lupton Hall.*

scientist; Samuel K. Talmadge, the eminent administrator, and many others. It is, perhaps, the chief glory of Old Oglethorpe that after three years of instruction she graduated Sidney Lanier in the famous class of 1860 and that he was a tutor to her sons until the spring of '61 when with the Oglethorpe cadets he marched away to the wars. Shortly before his death, Lanier, looking back over his career, remarked to a friend that the greatest intellectual impulse of his life had come to him during his college days at Oglethorpe through the influence of Dr. Woodrow. Her other eminent alumni include governors, justices, moderators of the General Assembly, discoverers, inventors and a host of honest, industrious and superb laborers for the highest ideals of humanity.

Oglethorpe "died at Gettysburg," for during the war her sons were soldiers, her endowment was in Confederate bonds, and her buildings, used as barracks and hospital, were later burned. An effort was made to revive the institution in the 70's and to locate it in Atlanta, but the evils of reconstruction days and financial disaster made the adventure impossible and unsuccessful, and after a year and a half of struggle the doors were closed for the second time.

Only fifteen years have passed since the present movement to refound the university began and they have been years of financial disaster and utter turmoil, yet the assets and subscription pledges of the institution have passed the sum of one and a half million dollars as the result of unusual and self-sacrificing liberality on the part of over five thousand people.

The corner stone of Oglethorpe University was laid on January 21, 1915, with her trustful motto engraved

ed upon it: "Manu Dei Resurrexit" (By the Hand of God She Has Risen from the Dead.)

THE OPENING, SEPTEMBER 20, 1916

Oglethorpe University opened her doors in the Fall of 1916. After fifty years of rest beneath the gray ashes of fratricidal strife she rose to breathe the airs of a new day: Her first building, constructed of granite, trimmed with limestone, covered with slate and as near fireproof as human skill can make it, was ready for occupancy in the fall of 1916, when her first class gathered on her beautiful campus on Peachtree Road. A faculty equal to that of any cognate institution in the country has been formed. The work of raising funds and new construction goes steadily on. And all of this has been done in the midst of financial disaster that darkened the spirit of the whole nation, and against the evil influences of a colossal war, which caused the very joints of the world to gape.

THE ROMANCE OF HER RESURRECTION

The story of the resurrection of Oglethorpe reads like a romance. Beginning only fourteen years ago with a contribution of \$100.00 a year for ten years, it soon gathered with it a band of great-hearted Atlanta men who determined to see that their city had a university, as well as a band of far-seeing educational leaders, who wished to erect a certain high type of institution in this splendid metropolis. The story of how dollar was added to dollar during a campaign of four years; of how no less than seventy Atlanta men gave each \$1,000.00 or more to the enterprise; of how the story has been told in cities, towns and country all over the South from Galveston, Tex., to Charlottesville, Virginia, and from Marshall, Missouri, to Bradentown, Florida; the splendid triumph of the At-

lanta campaigns; all this is well known. Since that time the same wonderful record has been maintained. There are now something like five thousand men, women and children all of whom have contributed or promised from fifty cents to \$400,000.00. They are the Founders' Club which is carrying the movement forward so splendidly.

HER ARCHITECTURAL BEAUTY

An idea of the quality of construction and design of the institution may be gained from the accompanying illustrations. (See Frontispiece.)

It will be seen that the architects and landscape artist spared no pains to make it one of the really beautiful universities of America. The architecture is Collegiate Gothic; the building material is a beautiful blue granite trimmed with limestone. All the buildings will be covered with heavy variegated slates. The interior construction is of steel, concrete, brick and hollow tile. The first building is the one on the right of the entrance seen in the foreground of the bird's eye view. The building, given by Dr. and Mrs. Lupton and their son, our beloved benefactors, is the one with the tower just opposite on the left of the entrance. Lowry Hall, stands completed (1927) at the end of the main axis directly in front of the entrance. The total cost of construction of the buildings shown in the above design with the landscape work required, will be approximately \$3,000,000. The building plan will be followed out in its entirety.

HER SPIRITUAL AND INTELLECTUAL IDEALS

But it is not so much the magnificent exterior of the institution about which the men who are founding

Oglethorpe are most concerned, it is the spiritual and intellectual life of their university. To that end they have resolved to maintain a faculty and a curriculum that will be of the highest possible quality, their thought being excellence in every department. They will take the superb traditions of the old Oglethorpe and add the best of this present age to them. Doubtless Oglethorpe will be a big university some day, but she is already a great one, and it is greatness rather than bigness which her founders crave most for her.

FOUNDERS' BOOK

In the Founders' Room at Oglethorpe there will be a Book containing the name of every man, woman and child who aided in the founding of the University, arranged alphabetically, by states. That Book will be accessible to every student and visitor who may want to know who it was from his or her home that took part in the doing of this, the greatest deed that has been attempted for our sons and daughters in this generation. The Book is not yet complete, because the work is not yet finished, and each month is adding many to this role of honor, whose names will thus be preserved in the life and archives of Oglethorpe University forever.

CLOCK AND CHIMES

In the tower of the new building given by Dr. and Mrs. J. T. Lupton, is installed a clock and chimes, with two dials and night illumination, the gift of Mrs. H. Frederick Lesh, of Newton Center, Mass. It is interesting to note that this is the only tower clock in Atlanta and the only chimes on any college campus in Georgia. On the largest of the bells, which weighs

a ton, is the following inscription.

We were given by
Grace Josephine Lesh
That the hours at Oglethorpe
Might be filled with
Music and Harmony.

THE FACULTY OF THE UNIVERSITY

The Board of Directors of Oglethorpe University, realizing the responsibility upon them of selecting a faculty whose spiritual and intellectual equipment should be capable of satisfying the tremendous demand of a really great institution of learning, has spared no effort or pains in securing a body of men who would not only possess that first requisite of a teacher, a great soul, but should also have those two other requisites of almost equal importance: power of imparting their ideals and knowledge, and intellectual acquirements adequate for their department. The most important element in education is the creating in the student of an intense yearning for and delight in the Good, the True and the Beautiful, and the first essential for the creation of such a spirit is the example set before him by the Faculty. The object of an Oglethorpe education is to furnish the student with deeper thoughts, finer emotions and nobler purposes to the end that he may more clearly understand, more fully enjoy and more excellently behave in the world. The University now has a corps of teachers unsurpassed in any institution of its size and age. The names are given in the order of their election.

THORNWELL JACOBS

A. B., Presbyterian College of South Carolina, Valedictorian and Medalist; A. M., P. C., of S. C.; Graduate of Princeton Theological Seminary; A. M., Princeton University; LL. D., Ohio Northern University; Litt. D., Presbyterian College of South Carolina; Pastor of Morganton (N. C.) Presbyterian Church; Vice-President of Thornwell College for Orphans; Author and Editor; Founder and Editor Westminster Magazine; engaged in the organization of Oglethorpe University; Author of *The Law of the White Circle* (novel); *The Midnight Mummer* (poems); *Sinful Saddy* (story for children); *Life of Wm. Plumer Jacobs*; *The New Science and the Old Religion*; Member Graduate Council of the National Alumni Association of Princeton University; President of Oglethorpe University.

JAMES FREEMAN SELLERS

A. B. and A. M., University of Mississippi; LL. D., Mississippi College; Graduate Student, University of Virginia and University of Chicago; Teaching Fellow, University of Chicago; Professor of Chemistry, Mississippi College and Mercer University; Dean of the Faculty, Mercer University; Professor of Chemistry, A. E. F. University, Beaune, France; Y. M. C. A. Educational Secretary, England; Fellow American Association for the Advancement of Science; President Georgia Section American Chemical Society; Author *Treatise on Analytical Chemistry*; Contributor to Scientific and Religious Journals; Professor of Chemistry and Dean of Faculty, Oglethorpe University.

GEORGE FREDERICK NICOLASSEN

A. B., University of Virginia; A. M., University of Virginia; Fellow in Greek, Johns Hopkins University,

two years; Assistant Instructor in Latin and Greek in Johns Hopkins University, one year; Ph. D., Johns Hopkins University; Professor of Ancient Languages in the Southwestern Presbyterian University, Clarksville, Tenn.; Vice-Chancellor of the Southwestern Presbyterian University; Member Classical Association of the Middle West and South; Author of Notes on Latin and Greek; Greek Notes Revised; The Book of Revelation; Professor of Ancient Languages, Oglethorpe University.

HERMAN JULIUS GAERTNER

A. B., Indiana University; A. M., Ohio Wesleyan University; Ped. D., Ohio Northern University; Teacher and Superintendent in the common schools and high schools of Ohio and Georgia; Professor of Mathematics and Astronomy, Wilmington College, Ohio; Professor of History, Georgia Normal and Industrial College, Milledgeville, Ga.; Member of the University Summer School Faculty, University of Georgia, six summers; Pi Gamma Mu; Assistant in the organization of Oglethorpe University; Professor of Education in Oglethorpe University.

JAMES ROUTH

A. B., and Ph. D., Johns Hopkins University; Tocqueville Medalist, Johns Hopkins University; winner Century Magazine Essay Prize for American College Graduate of 1900; Phi Beta Kappa; Sub-editor, Century Dictionary Supplement, N. Y., 1905; Instructor, University of Texas and Washington University; Acting Assistant Professor, University of Virginia; Assistant and Associate Professor, Tulane University; Professor of English, Johns Hopkins University Summer School, 1921, 1922, 1925, 1926; Member, Mod-

ern Language Association, National Council of Teachers of English and American Dialect Society; Author, *Two Studies on the Ballad Theory of the Beowulf*, *the Rise of Classical English*, *Criticism*, Contributor to *Modern Language Notes*, *Publications of the Modern Language Association*, *Journal of English and Germanic Philology*, *Modern Philology*, *Englische Studien*, *South Atlantic Quarterly*, etc.; Professor of English in Oglethorpe University.

ARTHUR STEPHEN LIBBY

Ph. B., Bowdoin College; A. B., University of Maine; A. M., Sorbonne, Paris, (Diplome Inferieure); A. M., Brown University; Ph. D., University of Paris, (Diplome Superieure); Student University of Maine Law School and Columbia University Law School; Principal of various High Schools in Maine; Instructor in Modern Languages, Brown University; Professor of Modern Languages, Converse College; Acting Professor of History, Political Science and International Law, Wofford College; Member American Historical Association; American Geographic Society; Phi Kappa Delta, (honorary); Head of School of Commerce and Professor of Political Science and International Law, Oglethorpe University.

HARDING HUNT

Tufts College, B. S.; Harvard University; Danbury Normal School; Master in Science, Freyburg Institute; Principal Torrington High School; Superintendent of Schools, New Hartford; Private Tutor, New York City; Reynolds Professor of Biology, Davidson College; Professor of Biology, Southern College; Associate Professor of Biology, Oglethorpe University.

Administration Building, Oglethorpe University.

CORA STEELE LIBBY

A. B., Converse College; Student New York University and Columbia University; Head of the Department of Mathematics, Converse College, Spartanburg, S. C.; Acting Dean, Converse College; Assistant Professor in the School of Business Administration, Commerce and Finance, Oglethorpe University.

WILLIAM LOUIS RONEY

A. B., University of Pittsburgh; A. M., Oglethorpe University; LL. B., Atlanta Law School; Assistant Professor Modern Languages, Emory University; Professor Modern Languages, Washington College, Tenn.; Professor Modern Languages, Marietta College, Ohio; Assistant Professor of Romance Languages, Oglethorpe University.

MARK BURROWS

B. S., Stanberry Normal School; A. B., State Teachers' College, Kirksville, Missouri; A. M., Oglethorpe University; Teacher and Superintendent in the Public and High Schools of Missouri; Director Department of Commerce State Teachers' College, Kirksville, Mo; Professor of Rural Education in University of Wyoming and in State Teachers' Colleges at Kirksville, and Greeley, Colorado; Editor, Rural School Messenger and The School and The Community, and Author of Tractates on Education; Member of National Educational Association and of National Geographic Society and National Academy of Visual Education; Professor of History and Social Science, Oglethorpe University.

JOHN A. ALDRICH

A. B., Albion College; M. S., University of Michigan; Ph. D., University of Michigan; Member of Society of

Sigma Xi, of American Astronomical Society, of American Association of University Professors; Fellow of American Association for the Advancement of Science; Professor of Physics and Astronomy, Olivet College; Professor of Physics and Astronomy, Washburn College; Professor of Physics and Astronomy, Oglethorpe University.

EARL A. GERHARDT

A. B., University of New Mexico; M. B. A., Harvard University, Graduate School of Business Administration; Principal of Schools, Roy, New Mexico; Principal of Junior High School, Tucumcari, New Mexico; Instructor in Economics, Alabama Polytechnic Institute; Professor of Accounting, Oglethorpe University.

FRANK B. ANDERSON

A. B., University of Georgia; Assistant Professor of Mathematics and Athletic Director, University School for Boys; Assistant Professor of Mathematics and Athletic Director, R. E. Lee Institute; Assistant Professor of Mathematics and Athletic Director, Gordon Institute; Coach, University of Georgia; Assistant Professor of Mathematics and Athletic Director, Riverside Military Academy; Athletic Director, Oglethorpe University.

HARRY ROBERTSON

A. B., Syracuse, 1922; End, Football Team, 1918-19-20-21, Line Coach, Syracuse, 1921-22-23; Football Coach at Oglethorpe University, 1924-25-26-27.

MYRTA BELLE THOMAS

Graduate Carnegie Library School of Atlanta, Ga.; Librarian Mitchell College, Statesville, N. C.; Librarian, Oglethorpe University.

LEWIS HAASE

Manager Erlanger Theatre, Atlanta; Dramatic Director of Oglethorpe University.

DR. T. BLAKE ARMSTRONG

A. B., Emory University; M. D., Emory University; Associate Surgeon, Grady Hospital; Consulting Surgeon, United States Public Health Service; Physician, Oglethorpe University.

BERNARD S. DEKLE, Assistant in English.

JOSEPH H. WATKINS, A. B., Laboratory Assistant in Chemistry and Tutor in Mathematics.

W. S. EVANS, Laboratory Assistant in Physics.

E. L. SHEPHERD, Laboratory Assistant in Biology.

H. C. CHESTNUT, Assistant Football Coach.

C. W. CORLESS, Assistant Football Coach.

MRS. R. P. ABRAHAM, Matron.

MISS MARGARET STOVALL, Secretary to the President.

MISS MARY FEEBECK, Registered Nurse, (Presbyterian Hospital, Atlanta.) In charge of College Infirmary.

GEORGE MURPHY, Assistant Postmaster.

WILLIAM JOSEPH BARNES, Bursar.

JOHN T. LEE, Director of Music.

J. P. HANSARD, Manager of Printing Office.

STANDING COMMITTEES OF THE FACULTY

ABSENCES—Hunt.

ATHLETICS—Anderson, Libby, Gerhardt.

BUILDINGS and EQUIPMENT—Gaertner, Aldrich, Libby.

GLEE CLUB—John T. Lee, Director.

THE PETREL is a weekly paper published by the

students in the interest of Athletics and other student activities.

THE YAMACRAW is the name of the student annual. It is edited and financed by the student body, as is also The Petrel, the college paper.

THE WESTMINSTER MAGAZINE is a quarterly publication designed to convey to the friends of the institution, something of the literary life of their university. It is under the editorial care of the president and Dr. James Routh.

Oglethorpe has held intercollegiate debates with Mercer University, Auburn Polytechnic, the University of the South at Sewanee, Emory University and Georgia School of Technology with eminent success.

IMMEDIATE PURPOSE AND SCOPE

The purpose of Oglethorpe University is to offer courses of study leading to the higher academic and professional degrees, under a Christian environment, and thus to train young men who wish to become specialists in professional and business life and teachers in our High Schools and Colleges, and to supply the growing demand for specially equipped men in every department of human activity.

Students who are looking forward to university work are invited to correspond with the President, in order that they may be putting themselves in line for the advanced courses which are to be offered.

Adequate Library and Laboratory facilities are being provided as the need for them arises. Free use will be made of the city of Atlanta, in itself a remarkable laboratory of industrial and scientific life, whose museums, libraries and municipal plants are at the disposal of our students for observation, inspection and investigation.

A glance at the frontispiece of the catalogue, showing Bird's Eye View of the University, gives the student an idea of the quality of the buildings and the lay out of the campus. This campus consists of approximately one hundred and seventy-five acres of land, not including an eighty acre lake which adjoins the northwestern corner of the campus. It is located on Peachtree Road, and immediately in front of the entrance is the terminus of the Oglethorpe University street car line, and an attractive little stone station of the Southern Railway main line between Atlanta and Washington. The first building to be located on the campus, the Administration Building, contains the dining room in the basement, chemistry and physics

lecture rooms and laboratories and the Bursar's office and private apartments for young women attending the college on the ground floor; the hospital and dormitories on the second and third floors. Lupton Hall consists of three separate structures which, combined, contain the library, President's office, class rooms, Assembly Hall seating approximately six hundred, equipped also as a school theatre for the presentation of student dramas, and in the basement basketball court, swimming pool, lockers and showers and quarters for the Oglethorpe University Press. This latter is equipped with a Babcock optimus press, linotype machine and a couple of smaller presses with a number of type stands and other printing equipment given by a warm friend of the college. Lowry Hall houses the Lowry School of Banking and Commerce and is now ready for occupancy. It is largely a replica of old Corpus Christi College, Oxford, the alma mater of James Edward Oglethorpe. It contains class rooms and dormitories and will stand as a perpetual memorial to the generosity of Colonel R. J. Lowry and Emma Markham Lowry.

ENTRANCE REQUIREMENTS

In the Schools of Liberal Arts, Science, Business Administration, Literature and Journalism, And Education

The requirement for entrance to the Academic Schools of Oglethorpe University is either a certificate of qualification from an accredited High School, or an examination on the equivalent preparation. The candidates must present at least three units in English and three units in mathematics. In the School of Liberal Arts, three units of Latin must also be offered; in the School of Science two years of language work are required. A unit represents a year's study in any subject in a secondary school, constituting approximately a quarter of a full year's work.

The authorities of Oglethorpe University are fully acquainted with the educational situation in the South and have not lost sight of the frequent insufficiencies of preparation of prospective students brought about by inadequate high school facilities. It is the purpose of the University to make its degrees represent high attainment, but to furnish such facilities for students that this attainment will be fairly simple and easy. It is not our purpose by the adoption of specially high entrance requirements to drive away any students from our institution. Adequate arrangements will be made for aiding any student who may be behind in his preparation in so far as such aid is consistent with the collegiate requirements.

The famous main building of Old Oglethorpe, Milledgeville, as it appeared in ante-bellum days.

LIST OF ENTRANCE UNITS

The fifteen units may be selected from the following list:

Composition and Rhetoric	1½
English Literature	1½
Algebra to Quadratics	1
Algebra through Binomial Theorem ...	½ or 1
Plane Geometry	1
Solid Geometry	½
Trigonometry	½
Latin Grammar and Composition	1
Cæsar, 4 books	1
Cicero, 6 orations	1
Vergil, 6 books	1
Greek	1 or 2 or 3
German	1 or 2
French	1 or 2
Spanish	1
Ancient History	1
Medieval and Modern History	1
English History	1
American History	1
Civil Government	½ or 1
Physiography	½ or 1
Physiology	½
Physics	1
Chemistry	1
Botany	½ or 1
Zoology	½ or 1
Agriculture	1 or 2
Manual Training	1 or 2
Commercial Arithmetic	½
Commercial Geography	½
Military Training (where given under officer appointed by the Gov't.).....	1

The President of the University will gladly answer any inquiries as to further details of entrance requirements, upon request. An application blank will be found at the close of the catalogue. It is well for the prospective student to apply as early as possible. A blank for High School Certificate may be obtained by writing to the Registrar.

Students who wish credit for college work done elsewhere must file with the Registrar a certificate from the institution in which the work was done. The institution must be one that is recognized by the Faculty of Oglethorpe University, and the work must be satisfactory to the professor of that department.

SPECIAL STUDENTS

Students over twenty years of age may be admitted for special study upon satisfying the Faculty as to their ability to do the work of the classes which they wish to enter. Such students may become regular only by absolving all entrance requirements.

COURSES OF INSTRUCTION AND REQUIREMENTS FOR DEGREES

In the session of 1927-28 Oglethorpe University will offer courses in the undergraduate Classes of five schools leading to the customary academic degrees. The degree of Bachelor of Arts (B. A.) in the Classics will be conferred upon those students satisfactorily completing a four years' course as outlined below, based largely on the study of the "Humanities." The degree of Bachelor of Arts in Science will be conferred upon those students who satisfactorily complete a four years' course largely in scientific studies. The degree of Bachelor of Arts in Literature will be given to those students who complete a course including

work in languages, literature and journalism. The degree of Bachelor of Arts in Commerce will be conferred upon those students who satisfactorily complete a full four years' course in studies relating particularly to business administration and industrial life. The degree of Bachelor of Arts in Education will be conferred upon those students who complete the studies in the School of Education.

By a careful study of the courses outlined below, the student will be easily able to make a choice most suitable to his tastes and probable future life.

In general, it may be suggested that those students preparing to enter such professions as the ministry or law, will choose the B. A. course in Classics; those looking forward to medicine, dentistry and other scientific work, the B. A. course in Science; those expecting to enter the literary and journalistic field, the B. A. course in Literature, and those who intend to spend their lives in the business world, the B. A. course in Commerce; those who expect to teach, the B. A. course in Education.

While each of these courses is so shaped as to influence the student towards a certain end, colored largely by the type of studies, yet each course will be found to include such subjects of general culture as are necessary to the education of a life as distinguished from a living.

SCHOOL OF LIBERAL ARTS

Leading to the Degree of Bachelor of Arts (B. A.) in the Classics

The figures after the subjects designate courses. Those under "hours" designate the number of recitations per week.

The same language that was begun in the last group in the Freshman year must be continued in the Sophomore. In the Junior and Senior Classes, a majority of the electives must be from one of the following groups:

- Group I. Language, English.
- Group II. Mathematics, Science.
- Group III. History, Economics, Philosophy, Education.

If German or French has not been offered for entrance, at least one year's study in whichever language is lacking will be required for B. A.

A preparatory Greek Class will be provided for those who are not prepared to enter Greek 1.

Any required subject already completed in a preparatory school must be replaced by electives.

Students, whose average standing for any year is 90 or more, may take an extra course the following year. With one such extra course in the second and third years, and two full summer terms' work of ten weeks each, the student may obtain a degree at the end of the third year. Students of lower standing may graduate with three winters' work, and three full summer terms of ten weeks each.

THE HONORS COURSE AT OGLETHORPE

The Honors Course at Oglethorpe University has been planned to fill a very definite need of present day education. With the elective system in operation everywhere and with the multiplication of schools and departments and courses in our American universities, the college student is frequently bewildered as to what subjects he should choose and what courses to pursue. Specialization also has gone so far in our institutions that young men, after studying hard for four years in one department or another, find that they have omitted many objects which, among the best educated, are considered essential to full culture. The President of the University has, therefore, prepared, and the Faculty and Executive Committee of the University have approved, the following course of study to meet this situation and supply the need arising from it. The courses offered are designed to lay a satisfactory foundation for the understanding and enjoyment of life. While they adequately prepare a student for any of the professions, in so far as college work can do so, and for business life as well, yet they are not exclusively utilitarian. They are intended to develop and sustain a great soul, to acquaint him with the fundamental lines of progress of the human race and place him in position to interpret life to his fellowmen.

The difficulty of doing this adequately without including a larger number of studies and, therefore, more hours of work than the average student can successfully carry, is obvious. The course is designed only for the student whose preparation and ability are both above the average. In order to insure this condition a passing grade and general average not lower

than 90 is necessary for its successful prosecution. Upon those students who complete the entire four years with a general average for the four years between 90 and 95, the degree of Bachelor of Arts, Magno Cum Honore, is conferred. Upon any student completing the course with a general average of 95 or more, the degree of Bachelor of Arts, Summo Cum Honore, is conferred.

As the Honors Course requires for its pursuit unusual mental ability and moral character, applicants must present evidence of exceptional preparation and superior mental tests. To this end, the President will accept for the course only those students who can qualify for the prescribed requirements. If at the end of the first term, any student in the Honors Course fails to make a grade of 90 or more he will be required to transfer to another course.

It is well known to those best acquainted with the progress of education in the South that even the best of our Southern colleges and universities are approximately one year behind the best schools of the East and West. It is a regrettable fact that the Southern student who has finished the freshman work is just about ready to enter the freshman class in the best Eastern institutions. This is not the fault of our colleges but of insufficient preparation in our high schools, and while this condition of affairs is being improved it will be many years before it is completely remedied. This course, which an earnest and intelligent student may take in five years and a brilliant student in four years, will offset this difference and will make it possible for our Southern boys and girls to acquire the same amount of information and do the same amount of work at college that is done by

those graduating from the best institutions of the East and West.

No substitutions or electives are allowed. The course must be taken as scheduled and in the order, by years, as stated. Students may, however, take some of the courses of the freshman year in the summer term following the freshman year, and similarly for the other years' work. The time allowed for the completion of the work is not less than four years and not more than five. Failure to successfully complete the course does not in any way disqualify the student from securing full credits toward other degrees offered for all work successfully completed. He may then be graduated in any of the departments of the college as he may elect on the basis of such work as he has done. The courses themselves are as follows; beginning with the Freshman year.

	Hrs.		
English	3	Latin	3
Physics	5	A course in Latin and	
History	3	and Greek Myth-	
Physiology	1	ology and Etymol-	
Bible (a study of the		ogy	2
Old Testament)	2	Physical Culture	
A modern language	3		—
Mathematics	3		25

The course in freshman mathematics guarantees a reasonably adequate equipment in that department. The course in Greek and Latin Etymology is designed to supply the student with a familiarity with scientific terms which he will need during the remainder of his college work, not only, but throughout his whole life. Lists of common scientific terms are studied and their derivation explained. The course

of English acquaints the student with the form and structure of the language that he speaks, and drills him in the effective use of it. The course in Latin begins at the beginning. The student is taught to read Latin as rapidly as possible. Any student who has already had in a standard high school as many as two years in Latin may substitute another subject instead of this course from the list which follows. The course in physics needs no explanation. The course in history begins with the first civilization in the city-states of the Tigro-Euphrates Valley and is a foundation for other historical studies that follow. The course in physiology is designed to give the student an adequate idea of the house in which he lives during the remainder of his days. The course in the Old Testament runs parallel partly with that of Freshman history and lays the foundation for his moral and ethical thinking. In addition to the above, the student is required to take regular work in physical culture.

In the Sophomore year, the courses are as follows:

	Hrs.	New Testament	2
English	3	Bookkeeping	3
Latin	3	Economics	3
Modern Language	3	Physical Culture	
Biology	5		—
History	3		25

The study of English is continued and the same modern language that was elected for the freshman year must be continued in the sophomore year. The course in Latin covers Cæsar, first term, selections from Vergil, second term, some of the Odes of Horace in the third term. The course in Biology makes it possible for the student to understand the life pro-

cesses of the earth. The course in history covers the story of Greece and Rome: The course in the New Testament is a study of the life and teachings of Jesus Christ, without a knowledge of which no man can be considered an educated man. The course in economics is fundamental to any conception of the business and political world. To this is added the work in bookkeeping and elementary accounting which will enable our student to interpret the statistical part of any enterprise or business with which he may be connected. To these, also, is added the work in physical culture.

The courses in the Junior year are as follows:

	Hrs.	Psychology	3
English	3	Sociology
Modern Language	3	Physical Culture
Chemistry	5		—
History	3		26
Commercial Law	3		
Geology	3		

In the Junior year, the course in English broadens still further the student's knowledge of literature. The second modern language is taken up. The work in chemistry interprets to him the constitution of the world in which he is living. The course in history covers the story of continental Europe in its broad outlines. The work in Commercial Law lays the foundations for intelligent management of his business affairs. A year in geology, including a short review of paleontology, reveals to him the marvelous story of the earth on which he is living. A year in Psychology acquaints him with the processes of his own soul, and the work in Sociology orientates him with respect to

society. To these also is added the work in physical culture.

In the Senior year, the courses are as follows:

	Hrs.		
English	3	Anthropology	3
History	3	Marketing	3
Mod. Language	3	Cosmic History	1
Political Science	3	Physical Culture	1
Astronomy	3		—
History of Art	3		26

The work for the seniors in English, while it may vary its subject from time to time, is designed to widen our student's knowledge of the finest creative work in his language. The course in history covers the story of England and America. The second modern language begun in the junior year is continued. A year is spent in the study of civics and politics to prepare our student for an intelligent exercise of his duty as a citizen. A year in astronomy gives to him a better grasp of the universe and bestows upon him a sense of direction and orientation with respect to his environment. His work in anthropology covers the whole long story of the development of man. The work in the history of art includes architecture, sculpture, painting and music, and by acquainting him with the great works of the past enables him to enjoy and create art during his life time. The study of marketing introduces him to the whole vast field of distributing the products of the world's industry. To this is added the course in Cosmic History, a sort of introduction to life by the President of the college; and the work in physical exercise.

The following special courses may be chosen in lieu of such subjects in the freshman year as the student

The Entrance to Lupton Hall.
Above the doorway is engraved the following inscription:
"Till this I learned, that he who buildeth well
Is greater than the structure that he rears,
And wiser he who learns that Heaven hears
Than all the wordy wisdoms letters spell."

may have had in his preparatory work:

Advanced work in Science
Banking and allied subjects
Business Problems
Mathematics
Third year in any language
Ethics
History of Philosophy
Principles and Philosophy of Education.

Students in the Honors Course whose general average for five successive terms is as high as 93 will receive the Coat of Arms Sweater, these conditions being the same as those outlined for all students at the college.

The University recognizes the fact that a vast accumulation of information even though it be organized by a well-trained intellect is utterly incomplete and even dangerous unless the whole is controlled by a fine moral purpose and utilized in excellent personal conduct. It is a tradition of the University that a close association should be maintained between education and righteousness, a fixed alliance of morality with enlightenment. We feel that to furnish the highest intellectual training to liars, thieves, adulterers, or crooks would be calamitous to society whose leaders and examples they would be.

All Honor Students at Oglethorpe, therefore, are required to observe the following laws:

First, the law of personal honesty, forbidding all cheating on examinations, all thefts, minor and major.

The law of personal truthfulness, which forbids all

deceit of every kind whatsoever and particularly in a form of misrepresentation or lying.

The law of personal purity which commands perfect continence.

The law of loyalty which aligns the student with all that is best in the traditions of his Alma Mater and pledges his active support thereto, above any subsidiary college organization such as societies, fraternities, clubs and others. This covers also abstention from all forms of hazing, and a pledge of his support to the faculty in preventing same.

The law of self-control which, while partly covered in the law of personal purity, also includes all forms of drunkenness, gambling, and similar lapses from the highest ideals of the moral law.

The law of reverence: "Thou shalt not take the name of the Lord thy God in vain, for the Lord will not hold him guiltless that taketh His name in vain."

No student who violates the above laws may continue as an honor student at Oglethorpe University.

At the close of the student's course, after he has won either the **magno cum honore** or the **summo cum honore** grade he will also be presented by the President with a medallion of solid gold on which are emblazoned the Coat of Arms of the University and her seal.

GRADUATE SCHOOL

It is the purpose of Oglethorpe University to develop a thoroughly excellent Graduate School, offering courses in all departments leading to the Master's degree. In supplying this need, which has for a long while been acutely felt in the South, the management

of the University will be content with only the very highest grade of work and facilities.

Courses leading to the Master's degree in certain departments will be found outlined elsewhere in this catalogue under the appropriate department heading. This degree is based on that of Bachelor of Arts of Oglethorpe University or of some other approved institution. The candidate must have an aggregate of twelve hours of graduate work, two terms to be spent in residence here. But the degree is not guaranteed at the end of a fixed period of time. A certain amount of work must be accomplished, and the quality of it must be such as to satisfy the Professors concerned and the whole Faculty. During the past year the University has established several centers for study in the city of Atlanta. More than fifty of the Atlanta teachers have been enrolled in these courses. At each center as much as six hours' work per week has been done, this making possible the attainment of an incompleting Bachelor's or Master's degree. This opportunity will be continued during the next year.

In this connection, the prospective student will be interested in learning that all Professors chosen as the heads of departments in Oglethorpe University must have obtained the highest academic degree offered in that department. This fact is mentioned in order to indicate the earnest determination of the Board of Directors of the University that her Faculty shall include only men of the highest intellectual attainment as well as men of great teaching power and strong personal character.

The President of the University will be pleased to answer any inquiries as to graduate courses to be offered.

PRE-PROFESSIONAL COURSES

Students who are contemplating the profession of law, medicine or dentistry and who do not desire to study for an academic degree, are allowed to take such work as will prepare them for entrance to professional schools. In addition to the required high school units for college entrance, professional students must complete one or more years of college work, according to the requirements of the institution that they are planning to enter. The attention of the prospective student, however, should be called to the fact that each year finds it more necessary for the professional man to have a thorough foundation for his professional studies, and the professional schools are becoming more strict in their requirements for entrance. Particularly is this the case in medicine where the best colleges require a diploma from a standard college for entrance. Having this in mind Oglethorpe University may discontinue its two year pre-medical course and we strongly advise our students of medicine to have their college diploma safely in hand before they begin their professional studies. The course which we recommend for them is that leading to Bachelor of Arts in Science, outlined on pages 37 and 38. As a suggestion for those students who plan to enter law school and dental college, undertaking a two-year pre-professional course, the following outline of studies is recommended:

PRE-LAW

Required subjects:		Elective subjects:	
	Hrs.		Hrs.
Political Science	6	Law	3
Economics	6	Bus. Problems	3

English	6	Business Psychology,	
History	6	Advertising,	
Corporation Finance	3	Salesmanship	3
Investments	3	Modern Language	6
Electives	8	Bible	4
	—	Bookkeeping and	
		Accounting	4
	38		23

PRE-MEDICAL and PRE-DENTAL

Required subjects:		Elective subjects:	
	Hrs.		Hrs.
General Chemistry	5	Any five of the fol-	
General Physics	5	lowing:	
General Biology	5	Mathematics 1 or 2;	
Organic Chemistry	6	French 1 or 2; (or	
English Composition		German or Spanish	
and Literature	3	1 or 2); English 2;	
	—	History 1 or 2; Psy-	
		chology, Biology 2	15

THE PRESIDENT'S COURSE

Cosmic History by President Jacobs

In the endeavor to give to the graduates of the University a course that will co-ordinate the knowledge they have obtained of such subjects as Biology, Geology, Paleontology, etc., with their work in Bible, Ethics and Philosophy, the President of the University will meet the Senior Class one hour per week, Tuesday, at 10:30, in a seminar covering a story of human life following the broad outlines of Astronomy, Geology, Paleontology, Embryology, Anthropology and Archaeology. The course closes with a study

of the first ten chapters of Genesis in relation to modern discoveries. It is especially designed to give the graduates of Oglethorpe University a conception of the harmony between religion and modern science and is required of all Seniors. It is believed that this work of co-ordination of modern science with religion can best be done in the senior class, to the end that in harmonizing the truths learned their faith may not be unsettled.

ASTRONOMY

PROFESSOR ALDRICH

I. Descriptive Astronomy: A study of the solar and stellar systems together with a consideration of the instruments used and methods employed. Three hours per week throughout the year. Text: Duncan's Astronomy.

II. Laboratory Astronomy: Exercises and observations involving the fundamentals of the processes used in practical Astronomy and Astrophysics. One period per week throughout the year.

Prospective students are advised that first year Mathematics and Physics 1-A will be of great service to them in these courses.

Stacy-Capers Telescope.—By the generosity of Thomas Stacy-Capers, the well-known telescope of Dr. James Stacy has become the property of the University. It is a six-inch refracting instrument with a focal length of ninety inches. It was formerly the property of the uncle of the donor who was an alumnus of the old Oglethorpe and is named in honor of them both.

BIBLE AND PHILOSOPHY

The course in English Bible extends over two years; it is required for the B. A. degree in all five departments, and must be pursued by every under-graduate student.

The first year is devoted to the Old Testament, the second to the New Testament, together with the intervening period. The study will include the mastery of the history contained in the Bible, an analysis of each book, and such other matters as are required for the proper understanding of the work. It will be treated not from a sectarian point of view, nor as mere history or literature. The aim will be to impart such a knowledge of the subject as every intelligent man should possess, enabling him to read his Bible with pleasure and profit.

The effort will be made to give the students the proper defense of seeming difficulties in the Bible, both for their own benefit, and that they may be able to meet the objections of unbelievers.

Text-Books—Bible 1. English Bible, Moorehead's Outline Studies in the Books of the Old Testament.

Bible 2. Vollmer's Life of Christ, Kerr's Introduction to New Testament Study.

This course will be followed in the Junior and Senior years by Psychology, Ethics, History of Philosophy, and Evidences of Christianity.

Psychology. An elementary course in Theoretical Psychology, with some collateral study in Philosophy. Required for all Juniors in the Classical, Scientific, Literary and Educational Schools. Three hours a week.

Text-Books. Pillsbury's Essentials of Psychology; collateral reading in the library.

Ethics, History of Philosophy, Evidences of Christianity. Each of these subjects will occupy one term. Required for all Seniors in the Classical, Scientific, Literary and Educational Schools. Three hours a week. Open to Seniors.

Text-Books. Davis's Elements of Ethics, Weber's History of Philosophy, Wright's Evidences of Christianity.

BIOLOGY

ASSOCIATE PROFESSOR HUNT

E. L. SHEPHERD

1. Physiology and Hygiene.

Required of all Freshmen. One lecture weekly, throughout the year. Section A (women) Monday 8:30; Section B (men) Tuesday 8:30; Section C (men) Wednesday 8:30; Section D (men) Thursday 8:30; Section E (men) Friday 8:30; Section F (men) Saturday 8:30.

This course is designed to give the student such knowledge of his own body as to enable him to care for it properly and develop habits that will bring out his best possibilities.

2. General Biology.

Open to all students without previous training in science. Three recitations and four hours of laboratory work weekly throughout the year. Monday, Wednesday, Friday 9:30; Laboratory Section A, Monday, Wednesday, 1 to 3; Section B Laboratory, Monday and Wednesday, 3 to 5.

An introductory course in the principles of animal and plant biology presenting the fundamental facts of vital structure and function. Some conception of the evolution of plants and animals is given by the laboratory study of a series of types beginning with the unicellular. This is supplemented by lectures that give a synchronous running account of the underlying principles and biological theories.

3. Vertebrate Morphology.

Open to students who have completed Biology 1 and Biology 2. Three recitations and a minimum of six hours of laboratory work weekly throughout the year. Tuesday, Thursday and Saturday at 9:30; Laboratory Tuesday and Thursday, 2 to 5.

A course in the phylogeny of man and mammals. The laboratory work consists largely of the dissection of the muscles, nervous system and viscera of the cat and related mammals. Each organ is studied with reference to its development, anatomy, and physiology. Instruction is based in so far as possible on observations made in the laboratory experiments and on demonstrations. The facts observed are discussed in lectures and quizzes. In lectures free use is made of charts, models and microscopic sections. Weekly oral quizzes are supplemented by written tests given upon the completion of some general division of the subject.

4. Theoretical Biology.

Open to students who have completed Biology 1 and Biology 2. Three recitations weekly throughout the year, Tuesday, Thursday and Saturday at 10:30.

CHEMISTRY

PROFESSOR SELLERS

INSTRUCTOR JOSEPH H. WATKINS

1. GENERAL INORGANIC CHEMISTRY.

Lectures, demonstrations, recitations and laboratory exercises. During the year, as the students are studying the subject, the work of the laboratory is closely co-ordinated with that of the text. In the spring term lectures on industrial chemistry are given, illustrated by inspection of local manufacturing plants.

Three lectures and recitations, and four laboratory hours a week, three terms. Credit five hours.

2. ANALYTICAL CHEMISTRY

(a) Qualitative Analysis.

A study of the analytical processes, including the separation and detection of acid and basic ions. Students are expected to emphasize the science rather than the art of qualitative analysis. Hence, the subject is presented in the light of the laws of mass action, the ionic theory, etc.

(b) Quantitative Analysis.

Each student has his course arranged with reference to his particular requirement in quantitative analysis.

One lecture and eight laboratory hours a week, for three terms, for combined courses (a) and (b). Credit five hours. Prerequisite, Chemistry 1.

3. ORGANIC CHEMISTRY.

Lectures, demonstrations and laboratory exercises. The time devoted to lecture is about equally divided

between the study of the aliphatic and the aromatic series. Three lectures and four or six laboratory hours a week. Three terms. Credit, five or six hours. Prerequisite, Chemistry 1.

4. PHYSIOLOGICAL CHEMISTRY.

A study of the chemical composition of food-stuffs, of the various tissues, secretions, etc., of the body.

Three lectures and four laboratory hours a week, two terms. Credit, five hours. Prerequisite, Chemistry 1, 2 and 3, and Biology 2.

Graduate work is offered in Chemistry leading to the M. A. degree. The details of graduate courses are given to students on application.

ENGLISH

PROFESSOR ROUTH

BERNARD S. DEKLE

The work in English in the first two years is designed to give students a mastery of their own tongue for speaking and writing, and to familiarize them with the best English literature. The elective courses, given mainly for Juniors and Seniors, provide intensive study in special fields. The summer courses, though not identical with the winter courses, are planned along similar lines, and give corresponding credits. This will enable a student to complete a portion of his requirements for a degree in the summer.

For graduate students work is offered leading to the degree of M. A.

English 1. Composition. Practice in speaking and writing, with collateral study of masterpieces of mod-

ern prose. The chief object of the course is to teach the student to arrange his thoughts clearly and present them with force. He is also encouraged to enlarge his vocabulary and his stock of ideas by the reading of good essays. All Freshmen. 3 hours.

English 2. English Literature. A study of the best English poetry and prose, with special attention to style and to philosophic content and to the historical development of literature. The course is designed to complete the student's general study of literature, and at the same time to introduce him to the specialized Junior and Senior Courses. All Sophomores. 3 hours.

English 3-A. The Writing of News. A course for professional students in writing. Elective for Sophomores, Juniors and Seniors. Fall and Winter terms. 3 hours.

English 3-B. Writing the Special Article. A course of professional character for aspirants in journalism. Elective for Sophomores, Juniors and Seniors. Spring term only. 3 hours.

English 3-C. Writing the Short Story. Elective for Sophomores, Juniors and Seniors. Spring term only. 3 hours.

English 3-B and 3-C are not given the same year.

English 4-A. Drama. The reading and writing of plays. The class each winter supplies the Oglethorpe Players Club with one-act plays for monthly stage production. The annual performances are given in Atlanta before audiences of from one to two thousand, composed of the art lovers of the city. The class reads modern plays and studies the technique of the modern play, and also the history of that technique.

Juniors and Seniors. Fall and Winter terms. 3 hours.

English 4-B. Shakespeare. Juniors and Seniors. Spring term only. 3 hours.

English 4-C. Modern English Verse. Versification and poetic technique. Juniors and Seniors. Spring term only. 3 hours.

English 4-B and 4-C are not given the same year.

Graduate Course in English

Graduate courses have been given in Anglo-Saxon, Shakespeare, Tennyson, and Metrics and the Theory of Verse. These or other courses can be arranged to suit the needs of the students. They will be so given as to enable the student who has a college degree to obtain the M. A. degree in one year. Supplementary courses in other departments are also required of the candidate. Some ten thousand volumes and pamphlets in English Scholarship in the College library are available for use.

LIBRARY ECONOMICS

MISS MYRTA BELLE THOMAS

The class in Library Economics meets three times a week. All students who have completed three terms of Freshman English are eligible. This course is designed to instruct the student in the elements of the decimal classification and the use of the card catalogue, and to make him familiar with the best known reference books on every subject.

FRENCH

ASSISTANT PROFESSOR RONEY

French 1. A class for beginners, with the purpose of attaining as quickly as possible a thorough speaking and reading knowledge of the language. All recitations are in French, with special attention given to pronunciation.

Texts: Morrison and Gautier's *French Grammar* or the equivalent, short texts and current French periodicals.

Prerequisite: None.

Three times a week throughout the year. Elective.

French 2. A more advanced course in conversation and more rapid and extensive reading of French prose. The customs and life of the French people are studied with the idea of learning to think in French. No English is used in the classroom.

Texts: Carnahan—*French Review Grammar*, numerous standard authors and periodicals.

Prerequisite: French 1 or two years of high school French.

Three times a week throughout the year. Elective.

French 3-A. This course is a study of the French novel and short story of the nineteenth and twentieth centuries. The authors and their works are discussed in French, without translation.

French 3-A alternates with French 3-B, and will replace French 3-B in 1928-29. Students completing French 3-A and wishing to continue French may elect French 3-B or French 4.

Prerequisite: French 2, or three years of high school French.

Three times a week throughout the year. Elective.

French 3-B. In this course the French drama and poetry are traced through their various stages of development, with special emphasis on the poetry and drama of the nineteenth and twentieth centuries. French prosody is studied in this course. All discussion is in French.

This course alternates with French 3-A, and will replace French 3-A in 1927-28. Student completing French 3-B and desiring to continue French may elect French 3-A or French 4.

Prerequisite: French 2, or three years of high school French.

Three times a week throughout the year. Elective.

French 4. A course in the history of French literature, tracing the evolution of the French language and the development of French literature through the Middle Ages to the present time. Specimens of French of the different periods are read and discussed in French.

Prerequisite: French 3-A or French 3-B.

Three times a week throughout the year. Elective.

Post-graduate work in French may be arranged.

GERMAN

PROFESSOR GAERTNER

German 1. Elementary German, largely conversational and oral, developing reasonable fluency in

speaking. Elective for Freshmen. Fall, Winter and Spring terms.

German 2. Easy Reading of a number of Novellettes, such as Storm's Immensee, Zillern's Hoehher als die Kirche, etc., together with critical study of grammar and exercises in composition, letters, etc. Elective for Sophomores.

Fall, Winter and Spring Terms.

German 3. German Classics, mainly dramatic writings of Schiller, Goethe and Lessing, together with the elementary principles of Language, Science and also composition. Elective for Juniors and Seniors.

Fall, Winter and Spring Terms.

German 4. History of German Literature, accompanied by some anthology of the leading poets and writers, covering the leading authors. Elective.

Fall, Winter and Spring Terms.

German 5. Graduate Courses leading to the degree of Master of Arts will be arranged upon demand.

GREEK

PROFESSOR NICOLASSEN

Three years of Greek will be offered in the undergraduate classes, together with a preparatory class for those who are unprepared for Greek 1.

Preparatory Greek. This class is designed not merely for those who have no knowledge of the language, but also for those whose preparation is inadequate. The most important subjects, both in inflection and syntax, are presented early in the course, and then, by a system of weekly reviews, are kept constantly fresh.

*Entrance to Administration Building.
Over this beautiful doorway is engraved the motto of the University:
"A Search is the Thing He Hath Taught You,
For Height and for Depth and for Wideness."*

Text-Books: White's First Greek Book, Xenophon's Anabasis (Goodwin and White). Three times a week throughout the year. Elective.

Greek 1. The preparation for entrance into this class is not so much a matter of time as of thoroughness. The student is expected to know the ordinary Attic inflections and syntax, to have read about one book of the Anabasis, and to have had considerable practice in translating English into Greek. The use of accents is required.

A part of the work of this class consists of the minute study of the verbs, their principal parts, synopsis of tenses, and the inflection of certain portions.

Written translations of English into Greek are required once a week. On the other days a short oral exercise of this kind forms a part of the lesson; so that in each recitation some practice is had in translating English into Greek.

Text-Books: Xenophon's Anabasis (Goodwin and White), Memorabilia, Adams's Lysias, Goodwin's Greek Grammar, Pearson's Greek Prose Composition, Myers's Eastern Nations and Greece, Liddell and Scott's Greek Lexicon, (unabridged). Three times a week throughout the year. Elective.

Greek 2. In the first term Demosthenes will be read; in the second, Herodotus; in the third, Homer. The subject of Phonetics is presented and illustrated by chart and model of the larynx showing the position of the vocal organs.

Text-Books: Demosthenes On the Crown (Humphreys), Herodotus (Smith & Laird), Homer's Iliad (Seymour), Demosthenes and Herodotus (Ancient

Classics for English Readers), Church's Stories from Homer, Fowler's Greek Literature. Three times a week throughout the year. Elective.

Greek 3. The time of this class will be divided between prose and poetry. After the study of Thucydides and Plato, the reading of Sophocles will be taken up. The life of the ancient Greeks will also be considered.

Text-Books. Thucydides (Morris), Plato (Forman), Sophocles' Oedipus Tyrannus (Earle), Thucydides and Plato (Ancient Classics for English Readers), Church's Stories from the Greek Tragedians, Gulick's Life of the Ancient Greeks. Three times a week throughout the year. Elective.

MYTHOLOGY AND ETYMOLOGY

The first term will be devoted to the study of Mythology, that readers of English Literature may be able to understand allusions to classical stories.

Text-Book: Gayley's Classical Myths.

The second part of this course is designed to show the origin of English words derived from Greek and Latin, especially scientific terms. Students looking forward to Medicine will find this course particularly helpful. No knowledge of either language is required for entrance. Three times a week throughout the year. Elective.

Text-Book: Hoffman's Everyday Greek.

THE SOCIAL SCIENCE GROUP

PROFESSOR MARK BURROWS

DR. A. S. LIBBY

ASSISTANT PROFESSOR C. S. LIBBY

PRESIDENT JACOBS

I. A History of Civilization. An orienting course showing the early origins of modern civilization, and furnishing a background for the present current of thought and progress of knowledge. Freshman year. Three times a week.

II. The Modern History of Europe. A study of continental Europe and Great Britain from the Dark Ages to the present time. Emphasis will be placed on such topics as the Renaissance; the conciliar movement for reform; the Protestant revolution and the Catholic reformation; the development of political ideals; the social and industrial revolution; the spirit of nationalism and some of its later consequences; the growth of internationalism. Three times a week throughout the year.

III. Contemporary History. A course in contemporary American and European history designed to put students in touch with present trends in scientific, industrial and international problems. Three times a week for two terms. Not given 1927-28.

IV. A History of the British People. A course in English history in which a minimum amount of attention is given to dynastic and military affairs, and with more than the customary amount to social, religious, literary and industrial matters. This course should be taken before the one in American history. Three times a week throughout the year.

V. American History. An account of the social, political, and economic development of the American

people. Such topics will be emphasized as the development of the American ideal of democracy, or self-government in freedom; the westward moving frontier with its influences on social and economic problems, such as land tenure, agriculture, manufacturing and transportation; the rise of great industries and trusts; the effort of labor to better conditions; the immigration question; colonial expansion, and our proper relations to the other nations of the world. Three times a week throughout the year.

VI. A History of Georgia. A course designed to give a larger understanding of economic possibilities of the state and an interpretation of the social and political life of her people. Three hours a week on alternate winter terms. Offered 1927-28.

Political Science. See School of Business Administration elsewhere in this catalogue.

Economics. See School of Business Administration elsewhere in this catalogue.

VII. Sociology. A comprehensive outline of the subject embracing such topics as the evolution of the more important social ideals and institutions and their present status; socialism and social control; social pathology and methods of social investigation, and an estimation of progress. An examination of the principles of the subject with some attempt to give the student a first-hand insight by means of visits to institutions, exercises, questions for debate, and the preparation of special studies in social problems. A required course in the School of Education. Elective to others. Three times a week throughout the year.

VIII. Cosmic History. A required course for all

Senior students. See the President's Course elsewhere in this catalogue, and also in the Honors Course.

ITALIAN

ASSISTANT PROFESSOR RONEY

Italian 1. A practical course in Italian conversation and grammar, with practice in composition and the reading of Italian prose. Careful attention is given to good pronunciation for its value in the study of music.

Texts: Phelps' *Italian Grammar* or the equivalent, short prose texts, current Italian periodicals.

Prerequisite: None.

Three times a week throughout the year. Elective.

LATIN

PROFESSOR NICOLASSEN.

Latin 1. For entrance into this class the student is expected to have had at least three years of high school Latin, as set forth under the head of Entrance Units. He must also be able to translate English into Latin with some facility. Livy, Cicero de Senectute and Sallust's Catiline will be studied in this year. A brief history of Rome will also be included. Prose composition, both oral and written, will be carried on throughout the year.

Text-Books: Livy XXI, XXII (Greenough and Peck), Cicero de Senectute, Sallust's Catiline. Allen and Greenough's *Latin Grammar*, Myers's *History of*

Rome, Harpers' Latin Dictionary. Three times a week throughout the year. Students who enter with only three years of High School Latin and who wish to take the classical A. B., must take two years of Latin or Greek. Three times a week throughout the year. Elective.

Latin 2. The studies of this class will be in Cicero's Letters, Horace and Plautus. A course in Latin Literature will also be given; Fowler's Latin Literature. Three times a week throughout the year. Elective.

Latin 3. This class will begin with Terence, and then take up Tacitus and Juvenal. Ancient Roman life will be considered in this part of the course; Johnson's Private Life of the Romans. Three times a week throughout the year. Elective.

Teachers' Course. A course of instruction will be given for teachers in and near Atlanta. The aim will be to suggest methods for beginners and for classes in Cæsar, Cicero and Vergil. Certain departments of the grammar will be discussed, e. g., the Subjunctive Mood, the Conditions, Indirect Discourse; scanning will be illustrated, and attention given to topics which have caused difficulty to teachers. Suggestions will be made as to the best means of helping pupils to acquire a good vocabulary in Latin. The mode of procedure and the subjects treated will depend somewhat on the personnel of the class.

The work will be undertaken if as many as ten persons offer themselves. This class will probably meet on Saturdays.

Graduate Course for Special Students. Persons who are teaching or otherwise occupied during the

week and who would like to do some graduate work in Latin or Greek by coming on Saturdays, should communicate with the Professor.

MYTHOLOGY AND ETYMOLOGY—See page 66.

GRADUATE COURSE IN LATIN AND GREEK

Those who are thinking of taking graduate courses are advised to write to the President or to the Professor, that their preliminary studies may be so guided as to fit them for the work. The requirements for entrance into these courses are given elsewhere in this catalogue, under the head of Graduate School.

In Latin the following course will be offered for the M. A. degree in the session of 1927-28: Vergil's complete works; Vergil in the Middle Ages; History of Classical Scholarship; Textual Criticism.

MATHEMATICS

PROFESSOR ALDRICH

INSTRUCTOR, JOSEPH H. WATKINS

- I. A survey course. A review of the essentials of high school mathematics followed by an introduction to Trigonometry, Analytic Geometry and the Calculus. The course aims to put the student in possession of the mathematical tools most useful in other subjects and to prepare him for any of the special courses listed under II. Credit 3 hours.
- II. (a) College Algebra and Theory of Equations. Credit 3 hours.
- II. (b) Analytic Geometry and Spherical Trigonometry, more advanced topics in Plane An-

alytic Geometry and an introduction to Solid Analytic Geometry. Credit 3 hours.

II. (c) Calculus: A standard course. Credit 3 hours.

III. Advanced Calculus and Differential Equations. Credit 3 hours.

Note: Courses IIa, IIb and IIc will be offered cyclically.

PHYSICS

PROFESSOR ALDRICH

W. S. EVANS

STANLEY PFEFFERKORN

1-A. Experimental Physics: Laboratory work with conferences and unifying lectures. Three double periods per week throughout the year. 3 hours' credit per year.

1-B. General Physics: Lectures and problems covering elemental theory. Two hours per week throughout the year. 2 hours' credit per year. 1-B must be preceded by or accompanied with Mathematics 1 and Physics 1-A.

II-A. Advanced Mechanics and Thermodynamics: Three hours per week throughout the year. 3 hours' credit per year. Prerequisites, Elemental Calculus and Physics I-A and I-B or their equivalent.

II-B Electricity and Electrical Measurements: Two lectures and one laboratory period per week throughout the year. 3 hours' credit per year. Prerequisites as in II-A and a course in chemistry.

II-C. Light and Modern Physics: Two lectures

and one laboratory period per week for two terms and three lecture and conference periods per week for the third term. Credit 3 hours per year. Prerequisites as in course II-B.

Courses II-A, II-B and II-C will be offered cyclically so that a student may cover the entire ground in his four years' course.

SPANISH

ASSISTANT PROFESSOR RONEY

Spanish 1. A beginners' class in Spanish, with a thorough drill in the grammar of the language. Great stress is placed on acquiring a good pronunciation and an ability to speak the language readily; only Spanish is used in the classroom.

Texts: Marion and Garenne's *Introduction a la lengua castellana* or the equivalent, short texts and current Spanish periodicals.

Prerequisite: None.

Three times a week throughout the year. Elective.

Spanish 2. This is a more advanced course in conversation, with more rapid reading of the modern Spanish authors. The life and customs of Spain are studied and discussed in Spanish.

Texts: Smith's *Gramatica practica castellana* or the equivalent, modern Spanish authors and current Spanish periodicals.

Prerequisite: Spanish 1, or two years of high school Spanish.

Spanish 3-A. This is a course in the Spanish novel

and short story of the nineteenth and twentieth centuries. The authors and their works are discussed in Spanish, and practical Spanish commercial translation is studied.

This course is given in alternate years, and will replace Spanish 3-B in 1928-29. Students completing Spanish 3-A and desiring to continue Spanish may elect Spanish 3-B.

Prerequisite: Spanish 2, or three years of high school Spanish.

Three times a week throughout the year. Elective.

Spanish 3-B. A study of the Spanish drama and poetry of the nineteenth and twentieth centuries, including an introductory course in Spanish prosody. All classroom discussion is in Spanish.

This course is given in alternate years, and will replace Spanish 3-A in 1927-28. Students completing Spanish 3-B and desiring to continue Spanish may elect Spanish 3-A.

Prerequisite: Spanish 2, or three years of high school Spanish.

Three times a week throughout the year. Elective.

Post-Graduate work in Spanish may be arranged.

THE LOWRY SCHOOL OF BUSINESS ADMINISTRATION, COMMERCE AND FINANCE

Undergraduate Course Leading to the Degree of Bachelor of Arts (B. A.) in Commerce

PROFESSOR A. S. LIBBY

ASS'T. PROF. C. S. LIBBY

PROF. E. A. GERHARDT

The school of Business Administration, Commerce and Finance is an undergraduate-graduate school, one of the professional divisions of the University. Instruction is therefore directed toward professional education rather than narrow technical drill. Entrance requirements for the undergraduate work are the same as for the School of Liberal Arts, except that Ancient Language is not required. Modern Language, especially Spanish or French, is strongly advised. Shorthand and typewriting are neither required nor later counted toward a degree, but are strongly recommended.

The graduate work is based upon the Bachelor's Degree from an accredited institution.

Economics—Its laws and principles with special reference to American conditions. The course presents a general survey and is designed to serve as an introduction to later and more intensive study of the problems of industrial society.

Economic and Commercial Geography—A study of resources and industries as influenced by geographic conditions. The geography of the more important commercial products of the farm, range, forest, mine, factory and sea; continental and oceanic trade routes; great commercial nations.

American Government and Politics—Analysis of the structure and workings of the government in the United States, local, state, and national; the organization and activities of state and federal administration, with the fundamental legal and political principles governing it. (This course alternates with Comparative Government.)

Business Communication—A study of the communication function in business and of the technique which is common to all forms of business communication; discussed in its psychological, rhetorical, graphic and typographical aspects.

Business Psychology—Business problems from the psychological point of view. (1) Psychological facts and principles applicable to the conduct of business operations: (2) possibilities and limitations of psychological method and approach to business problems. Among the topics discussed are the hiring and instructing of employees, vocational adjustment, group efficiency, advertising and selling.

Financial Organization of Society—A study of the nature and work of the various types of financial institutions in the modern business world, the forces that have led to their development, and their relation to the organization of industrial society. The principal forms of financial institutions covered are: coinage and monetary systems; credit; commercial banks; savings banks; bondhouses; trust companies; stock exchanges; the various forms of co-operative associations; also a brief study of the functions of the corporation and the insurance company as financial institutions.

Labor Conditions and Problems—A general survey

analytical, causal and historical, of the main forces and factors which give rise to modern labor conditions and problems and which, therefore, must be taken into consideration in the attempted solution of specific labor problems.

Risk and Risk Bearing in Modern Industrial Society—A detailed study of the speculative character of modern industry, with analysis of the various sources and kinds of risks and the various ways of meeting risk. Special study of insurance.

Marketing 1—Raw Materials—A survey of the method and problems connected with the marketing of raw materials.

Each student is required to select a commodity and trace it through its entire marketing process.

Marketing 2—Manufactured Goods—In the problems and methods of marketing manufactured products, the same general divisions are made: (1) the commodity; (2) the market; (3) the trade organization.

As in Course 1 above, the student is required to make first-hand investigation and written reports of the problems, in local establishments.

Marketing 3—Foreign Trade—A discussion of the marketing problems which arise. The point of view is that of an inland city like Atlanta.

Marketing 4—Problems of Marketing and Merchandising—A wide range of problems of manufacture and distribution.

As in courses 1 and 2, each student will select a single commodity for detail study. The investigation

will be developed into a term paper dealing with the selected product in the various foreign markets, with the effects of the European war, and with the future possibilities.

Economic Development of the United States—The rise and evolution of the institutions, the structure and the organization of industrial society which have been developed in the effort of the American people to supply their economic wants.

United States History and its Geographic Conditions—A study of the influence of geographic conditions on the course of American history.

Introduction to Statistics—The elementary principles of statistics as a means to scientific study and interpretation of social and economic life.

Social Control of Business—This course aims to give understanding of the various means of control now struggling and their application in different fields. Chief emphasis will be laid on the problems common to trusts, railroads, and public utilities, arising from fixed capital, untraced expenses, increasing returns, and the resulting tendencies to monopoly.

Advanced Economics and the Development of Industrial Society—The structure, institutions, and operation of industrial society; medieval industrial society and the evolution of modern capitalistic industry.

Conservation of Natural Resources—Natural resources as factors in national development.

Comparative Government—A comparative study of the leading governments of the world, including

England, France, Switzerland, the small states of Europe and of South America. (This course alternates with American Government and Politics.)

Modern Cities—Growth and problems of the modern city; its home rule, charter, electorate, and various forms of government.

Ocean Transportation—The history and classification of ocean carriers; ocean routes, and terminals; transportation organization and service, freight, passenger, mail, international express, marine insurance; relation of ocean carriers with one another and the public; government aid and regulation, navigation laws, merchant marine question, etc.

Railroad Transportation—Similar in scope to the above course.

Commerce of South America—Commerce relations between the United States and South America.

Industrial Administration 1 — Designed primarily for those students expecting to enter the manufacturing field.

Industrial Administration 2—A continuation of Industrial Administration I with similar objectives.

Commercial Law (A three-term course)—A working knowledge of the rules of the Commercial Law is of practical value to every citizen, but to the successful business man of today it is indispensable.

Successful completing of this course will make available to the student all substantive law courses offered in any law school.

The case system of instruction is employed.

Scientific Management and Labor—The principles of scientific management and their wide applicability to various manufacturing activities.

Industrial Combinations—The conditions in modern industrial society which have led to the growth of combinations, an analysis of the motives for their formation, the sources of their power and the elements of their weakness.

Corporation Finance—A study of the corporation, primarily with reference to its financial management.

Investment—Various types of investment including government, state, municipal bonds, securities of railway, public utility, industrial, and mining companies, and real estate investments.

Bank Management—A technical course in the internal problems of bank organization and management. The work is designed to train not so much for clerical work as for positions of official responsibility. This course alternates with the Theory of Banking.

Public Finance — Public expenditure, budgetary methods, public revenues, and public debt. The purpose is to give a working knowledge of government and financial institutions as distinguished from commercial ones.

Business Correspondence—Training in the writing and dictating of business letters.

Advertising Technique 1—Mail campaigns, with a study of the technique of sales letters, letter series, inserts, mailing cards and folders, booklets, catalogues, and other forms of direct advertising.

The Great Hall—the living room of the students

Advertising Technique 2 — Display advertising, writing and printing of same.

Organization of Industrial Scientific Research— Study of the methods of organizing research work in connection with large-scale industries.

Office Administration—The principles and methods underlying efficient and economical office management; evolution of the modern office; the office manager; electing and training office employees; office results; office manual; organization procedure; obstacles and emergencies; standardizing; incentives; relation between employer and employee; general office service; order and billing systems; filing systems.

(The department reserves the right to withdraw any course for which, in the judgment of the Dean, an insufficient number of students have applied.)

ACCOUNTING

PROFESSOR EARL A. GERHARDT

Five hours' credit is given for each year in accounting, except as noted, (Auditing, 3 hours and Mathematics of Accounting, 2 hours). Courses offered in 1926-27 were conducted on this basis. Two terms of accounting are required of all students in the School of Business Administration.

11-12 Elementary Accounting. Fall-Winter, 3 hrs. Recitation 2-2 hours Laboratory. In the fall term the student is familiarized through discussion and practice with the technique of accounts, financial statements, special and columnar journals, and subsidiary ledgers. In the winter term partnership and

corporation accounting are stressed and other special problems studied.

13-14 Elementary Accounting. Winter and Spring, 3 hours. Recitation 2-2 hours Laboratory. Same as 11-12. Given when the schedule permits.

21-22 Intermediate Accounting. Spring and Fall, 3 hours. Recitation 2-2 hours Laboratory. The problems are more comprehensive and require a thorough knowledge of elementary accounting. In the Fall term problems and statements of liquidations are emphasized.

23-24 Advanced Accounting. Winter and Spring, 3 hours. Recitation 2-2 hours Laboratory. Emphasis is placed on problems of balance sheet valuations in the winter term and preparation of consolidation statements in the Spring term. Given alternate years. **Not given 1927-28.**

27-28 Mathematics of Accounting. Winter - Spring, 3 hours. Recitation 2 hours credit. Simpler subjects of mathematics of accounting are presented in the Winter term, the more involved subjects in the Spring term. Given alternate years. Given 1927-28.

31-32-33 Cost Accounting. Fall, Winter and Spring, 3 hours. Recitation 2-2 hours Laboratory. The theory and practice of cost accounting, dealing mainly with manufacturing costs, and treating cost accounting as an instrument of executive control. Given alternate years. Given 1927-28.

41-42-43 Auditing. Fall, Winter and Spring, 3 hours. Recitation, 3 hours credit. The theory and practice of auditing are surveyed, together with the working papers of actual audits. An audit report and

the solution of special problems form a large part of the year's work. Given alternate years. Not given 1927-28.

ELECTIVES and GRADUATE COURSES

These are all courses that either have been given, or will be given if there is sufficient demand for them.

History of Commerce	Social Control of Labor.
Business Administration	Comparative Free Govern- ment.
Labor Conditions and Prob- lems.	International Law.
Risk and Risk-Bearing in modern Industrial Society.	Commerce of South America.
The World's Food Resources.	Scientific Management of Labor.
Foreign Trade.	Industrial Conditions.
United States History and Geographic Conditions.	Bank Management.
Introduction to Statistics.	Public Finance (not offered in 1927-28.)
The Manager's Administra- tion of Finance.	Advertising Technique.
The Manager's Administra- tion of Labor.	The Science of Commerce (Scientific Research of Business Problems.)

SECRETARIAL COURSES

The secretarial course of study is designed for the following: (a) Persons who wish to enter the business world in the capacity of skilled assistants to those in executive positions; (b) Teachers of commercial subjects in high schools; (c) Office managers and the like; (d) Young ladies who are preparing for work of a literary nature, or as social secretaries.

In the work in modern foreign languages, not less

than two years of work will be accepted for graduation. In case only a reading knowledge is desired, on the successful completion of the first two units, a second language may be taken up.

For those preparing to teach in high schools it is recommended that from the electives nine hours of Education be taken, as this will qualify graduates for the State Professional Teacher's Certificate.

At the close of the first two years of work, provided a record has been established for scholarship, character, and reliability, on request a Certificate of Proficiency will be granted. This is not to encourage a premature capitalization of ability, but more as an incentive to complete the four years of work for the diploma and the degree.

For outline of courses see page 41.

THE SCHOOL OF EDUCATION

Leading to the Degree of Bachelor of Arts (B. A.) in Education

PROFESSOR GAERTNER

PROFESSOR BURROWS

The school of Education is both an undergraduate and also a graduate school. A number of graduates from such schools in Oglethorpe University as well as other colleges have entered the teaching profession. Much of the work being psychological and humanistic, the discipline of this school is a preparation for various lines of work besides that of teaching. This school is a good preparation dealing with all forms of human contact sides of life work. We especially recommend the new courses in shorthand and typewriting to be taken as part of the electives in Junior or Senior years or earlier by substitution, for secretarial careers, or commercial teaching in high schools.

Orientation Course—In this course the student will study the best methods of study, the attitudes necessary to be a good college student, the values of the various subjects of the curriculum, as also other forms of knowledge to make the student successful at the outset. Fall term of Freshman year.

General Psychology—A study of Mental States, Human Action, and Connection of Mental Facts, Feelings of Things, Relationships and Personal Conditions. The Will; general characteristics, and functions of mental states. The nervous system, its structure, action and connections with mental states. Purpose: To acquaint the student with the main facts and laws of mental life and to provide a sound foundation for the study of allied subjects. Winter and Spring term, Freshman year.

Educational Psychology—A study of the Mind in the Acts of Learning. Its varied Functions, Stimulation, Reactions and Processes, Laws of Mental Activity. Purpose of Course: To understand more fully the application of Psychology to the problem of education. Fall and Winter terms, Sophomore year.

School Administration and Management—State, County, Town, Village and City School Organization and Control. Duties of School Boards, Superintendents, Supervisors, Principals and Teachers. Course of study and Promotions. Establishment and use of Libraries. Selection and Preparation of Schools, Buildings and Situation. The business side of School Affairs. Purpose of Course: To equip for Teaching or Supervision. Spring term, Sophomore year.

Principles of Education—A study of the Fundamentals of Human progress. Preparation necessary for the work of Directing Activity. The aim of Education, Content and Formal Studies, The Doctrine of Discipline, Educational Values, The Curriculum. Purpose of Course: To establish a basis for rational thought on Education. Fall and Winter terms, Junior year.

Mental Hygiene—In this course the student investigates many causes for mental failures, the problem of happiness in living, causes of abnormal mentality and the general way in which the normal mind is formed. Spring term, Junior year.

History of Education—A study of the most prominent forces that have contributed to the advancement of the races. Family and social customs, ethical standards, religions, traditions, educational ideals, biographical sketches of Reformers and Educators,

Development of Schools and Colleges of the United States. Purpose of Course: To know the varied phases of educational thought of the past so as to be able to appreciate present tendencies and requirements. Fall and Winter terms, Junior year.

Educational Tests and Measurements — In this course the entire new method of mental surveying and testing, both intelligence tests and also Educational tests will be studied. The student will be called to carry on some practical exercises in testing classes in near-by schools. The modern methods of tabulating results and interpreting statistical procedure will also receive attention. Spring term, Junior year.

Sociology—The general study of human society, its problems, genesis, variations, and other topics in this fascinating subject. Fall, Winter and Spring terms, Senior year.

Psychology of the Elementary School Subjects—In this course the present status of these subjects will be studied. The course includes an examination of each type of elementary teaching, supply and demand in the profession, characteristics that make for success in each field, and diagnostic service to enable the student to cultivate desirable and eliminate undesirable traits. Elective in Junior or Senior year.

Principles of Secondary Education—A study of the historical development of the secondary school with reference to purposes and curriculum; objectives of secondary education; relation of the high school to the community; adaptation of curricula and subject matter to individual differences; organization and supervision; school management; school law; educa-

tion and vocational guidance; extra curricular activities. Elective in Junior or Senior year.

The Mathematical Group in High Schools—In this course the basic subjects of Arithmetic, Algebra and Geometry will be studied for contents as well as for the best methods of teaching. Elective in Junior or Senior year.

Graduate Courses—These will vary with the needs and wishes of the student. In each instance the course will be planned by the Head of the School. A total of twelve hours, usually four lines of study, together, with an approved thesis, is required for the Master of Arts in Education.

THE SCHOOL OF PHYSICAL CULTURE

Perhaps the most remarkable single development in the modern educational world is the possession by our colleges and universities of complete control of the greatest of all sports. American college football is the most interesting, most exciting, most manly, most instructive and most profitable game ever played by men. It, more than any other, furnishes to its devotees something of the moral equivalent of war, and such a hold has it taken on the public that they pour out their tens of thousands of dollars to witness inter-collegiate games in vast stadia and bowls erected largely for the purpose at a cost reaching into the millions. It is a momentous thing for the academic world to have control of the American equivalent of the Olympic games and the contests of the Arena, and as we watch the never ceasing enlargement of interest, finance, equipment and importance of this part of college work it must be perfectly apparent that the very life of a college depends and will more and more depend upon its method of handling this fact which is at once a challenge and an opportunity.

And, hand in hand with football, go baseball, basket-ball, boating, track, and indeed the whole physical well-being of the vast American student-body.

Passing by as somnolent those colleges that sidestep the fact by denying their students the privilege of intercollegiate sports and those that permissively decree a Students' Athletic Association which assumes control of coach, games, and often of "Faculty Directors of Athletics," we come to those institutions that face the situation with wide open eyes.

The attitude of Oglethorpe University to all athletics is based upon the recognition of the physical training of the human body as a college study.

It is presumed that a matter of such overwhelming importance to college life as athletics and of such transcendent interest to the public that it commands their time and purses at will, is a matter worth studying seriously and deserving to be ranked with Greek and Poultry Keeping.

Therefore Oglethorpe University has founded her School of Physical Culture.

Its purpose is two-fold: To train, protect and develop the bodies of all the students of the University and to offer a special school where those who deserve it may receive special training, equipping them for positions as Physical Directors in Y. M. C. A.'s, in the Army, and in other schools, colleges and universities.

As a school for the special preparation of students for positions as physical directors and coaches in Y. M. C. A.'s, the Army and other schools and universities, a regular curriculum has been arranged offering instruction in the following subjects, the completion of which will lead to an appropriate certificate or degree.

1. **Physiology**—A first-year course in the study of the human body, one hour per week—Fall, Winter Spring and Summer Terms. Required of all Freshmen. Prerequisite for all courses enumerated below. Includes studies in Sanitation, Hygiene and First Aid.

Professor Hunt

2. **Mass Athletics**—A study of methods used in

the A. E. F., Play Athletics, study of muscles, their development and health. Study of various development systems. Three hours per week. Required of all students who do not elect courses 3-10.

Mr. Robertson

3. **Track**—Study and practice of all track exercise, running, jumping, vaulting and javelin throwing, hurdling and relay race. Three hours per week. Elective.

Mr. Anderson

4. **Football**—Science and practice of this greatest of games, study of formations, plays, strategy, management.

Mr. Robertson

5. **Baseball**—Science and practice of the most widely popular of all American games. Spring term only. Twelve hours per week.

Mr. Anderson

6. **Tennis**—Study and practice. Fall, Winter, Spring and Summer Terms. Three hours per week.

Mr. Anderson

7. **Aquatic Sports**—Study and practice—Swimming, rowing, crew work. Fall, Winter, Spring and Summer Terms.

Mr. Anderson

8. **Fencing**—Swordsmanship in the foil, sabre and rapier; also boxing. Fall, Winter and Spring terms. Two hours per week.

Prof. Roney

9. **History of Play and Games**—The genesis and development of modern games, including Courses 3-9; also of chess, draughts, ten pins, etc. Fall, Winter and Spring Terms. One hour per week.

Dr. Libby

10. **Arts and Science Group** — Comprising such electives from courses offered in the Schools of Arts and Sciences, Literature, and Commerce as may be elected to complete requirements of S. I. A. A., for eligibility in intercollegiate games.

An appropriate letter will be given all students making the University team in any of the above classes, 3-9, inclusive.

Every human being should be taught to play with his fellow-beings. Every student should have daily exercise. These two simple but fundamental axioms are the basis for all work in this department.

The munificent gift of fifty thousand dollars by Mr. and Mrs. Harry P. Hermance to Oglethorpe University for an athletic field has made possible the immediate inauguration of this plan, which is founded upon the study from a college standpoint of psychology, hygiene, sanitation, first-aid work, etc. It further emphasizes the necessity of careful medical supervision of all athletics and the adaptation to each individual student of special forms of exercise.

One of the most important features is the requiring of every student to take some form of physical exercise daily under proper medical or tutorial guidance. In this way those who need it most would be most advantaged, and the chief failure of the athletic program of our average American college would be

obviated, for it is a notorious fact that most of our institutions develop a small number of trained athletes in football, baseball, basket-ball, etc., while the great mass of students do little more than sit on the bleachers and yell.

And the building of the new athletic field given by Mr. and Mrs. Hermance makes possible the inauguration at Oglethorpe of a complete system of physical culture for all students. It will include not only the great athletic features such as football, baseball, basket-ball, etc., but also many interesting track exercises, discus and javelin throwing, jumping, vaulting and, in fact, all of the various numbers to be found at our intercollegiate track meets. It is the purpose of Oglethorpe University as quickly as circumstances may permit, to enter, and, in addition, to develop a strong boating crew on Silver Lake.

The University has been especially fortunate in enjoying the services of Mr. Frank B. Anderson, one of the best known coaches in the South, who has had charge of Athletics at Oglethorpe University and who has been advanced to the directorship of the department of physical culture. Mr. Anderson has merited and won not only a great reputation as a coach, but as a clean, fine friend of young men, and there is no man in the whole of America more loved by his boys.

We are especially fortunate also in being able to announce that Mr. Harry Robertson, famous all-American football star, will coach our football team and teach Courses Nos. 2 and 4. The University, of course, is proud of his record and happy in the knowledge that our boys will have as their coach a man who is an expert in that department with hardly an

equal in this country, and those of us who have charge of the moral and mental life of the University, feel especially happy in having at the head of this fascinating department of our work, a splendid outstanding man whose personal influence with the students will mean so much in the building of character and the enforcing of every moral and religious precept. It is not going too far to say that the teams at Oglethorpe will be as well coached next year and thereafter as any teams on the American continent, for there are no two finer men at the head of athletics whether it be as coaches or as men, than the two who head this department at Oglethorpe.

Other instructors will be added as this work may require.

UNIVERSITY EXPENSES

Board and Room Rent

The dormitory facilities of Oglethorpe University are the safest and most comfortable of cognate institutions in the South. All the permanent buildings of the University will be like those now finished, which are believed to be absolutely fireproof, being constructed of steel, concrete and granite with partitions of brick and hollow tile.

The prices named below are based upon three grades of rooms. The first of these comprises a temporary dormitory erected by the Government in 1918; the second, the entire third floor of the Administration building, the third floor of Lupton Hall, and the second and third floors of Lowry Hall, divided into individual rooms, with general toilet and bath room

on the same floor. Each room contains a lavatory furnishing hot and cold water. The third grade is that of the second floor of the Administration building and is composed of suites of rooms, each suite containing a bedroom, bath and study. The price charged includes first-class board, steam heat, electric lights, water and janitor's service, and all rooms are furnished adequately and substantially. Every room in the dormitory contains ample closet space. The rooms are large, airy, safe and comfortable.

The furniture is of oak and is the same for all rooms, including chiffonier, study-table, single bed, spring and mattress for each student. *

Room linen and bed clothing will be furnished by the student. Applications for rooms should be filed at once. For reservation of room inclose \$5.00 reservation fee, to be credited on first payment.

The expenses at Oglethorpe University are made as low as the quality of instruction, of rooming accommodations and of table fare will permit. No fees such as matriculation, library, hospital, contingent, athletic, etc., are charged. To Day Students the only charge made is that of tuition which is \$82.50 per term, as covered by the college calendar.

For students boarding in the dormitories of the University the following charges are made:

* Government Building ----- \$165.00 per term.

Administration Building, third floor; Lupton Hall, third floor; and Lowry Hall third floor — \$190.00 per term. ✓

* The rooms in the Government building have no closets, are

Lowry Hall, second floor \$192.50 per term.

Administration Building, second floor, \$210.00 per term.

All University charges are payable quarterly in advance except by special arrangement. For absences no rebate is made on board for less than one week, nor on room rent and tuition for less than one term. No rebate is made on absences caused by temporary suspension by action of the faculty. All Freshmen, other than day students and young women, are required to room on the campus except upon the written request of their parents or guardians. It will be observed that the total cost for the entire year, including tuition, table board and room rent, heat, light, water and janitor service and all other college dues range from \$495.00 per year of approximately eight and a half months, (three terms) upward—according to rooming accommodations. The student should bring his own bedding and personal linen. Books may be purchased from the Student Co-op or in the city of Atlanta and will cost approximately \$10.00 per term.

Upon assuming possession of his room each student is given a statement showing the general condition of the room and of the articles of furniture contained therein. He is required at the end of each term—or at the end of the college year—upon request of the Superintendent, to restore the property to the condition in which he received it by paying the actual cost of replacements and repairs as made or estimated as necessary to be made by the college officials. When

more simply furnished and as practically no charge is made for room-rent, light, heat, water and janitor service, the students rooming in that building are expected to take care of their own rooms.

The lectern and memorial book in the Founders' Room, Lupton Hall

the room is occupied by more than one student the cost of repairs is divided in proportion to responsibility.

SELF HELP

Approximately fifteen per cent of the Oglethorpe student body are "working their way through college" in whole or in part.

It is the intention of the authorities of the University to see that a way is provided as far as possible for the assistance of any student who may be in pecuniary need and yet desirous of prosecuting his studies at Oglethorpe. A special Faculty Committee will co-operate with students to that end.

As a general rule it is best for the student that he should be able to devote all of his time to his academic duties, but where circumstances require it, many students may undertake various tasks, payment for which materially aids them in meeting their expenses.

For further information address the President, Oglethorpe University.

SPECIAL LOAN FUND

By the generosity of a good friend who does not wish his name mentioned, the University is able to lend a limited sum to deserving students who would otherwise be unable to prosecute their studies at Oglethorpe. Further details upon application.

ATHLETICS—HERMANCE FIELD

The munificent generosity of Mr. and Mrs. Harry P. Hermance in giving to Oglethorpe an Athletic Stadium, to be the finest in the South, makes feasible the development of all forms of field sports, including not only the great games of football and baseball, but also vaulting, jumping, discus and javelin throwing, track work, etc. Physical culture for all students will be required.

A sanely encouraging attitude is taken by the University toward intercollegiate athletics, and Oglethorpe University is acquitting herself well in that sphere of her educational life.

SILVER LAKE

In addition to those sports common to all well equipped colleges in the South, Oglethorpe University is the fortunate possessor of a beautiful lake covering eighty acres located conveniently to the University campus, with a part of its shore set aside for a university boat house. This will enable the institution to add a crew to its list of athletic sports. The lake is admirably suited for boating, rowing, swimming and fishing.

The policy of Oglethorpe University includes the care of the physical life of our students as a matter of large importance. Regular instruction, looking to symmetrical development of the entire man will be given in the Athletic Department of the University, under competent medical guidance. Special attention is at present given to outdoor athletics. Adequate

provision is being made for football and baseball grounds, tennis courts, etc. Work has been begun on the Hermance Stadium.

UNIVERSITY STORE

One of the interesting features of university life at Oglethorpe is the Petrel Shop operated by a group of students, under the superintendence of the Faculty.

In the store are kept all the necessary college accessories. Any ordinary purchase may thus be made most conveniently, as full lines of goods answering the various college requirements are constantly kept on hand.

MORAL AND RELIGIOUS ATMOSPHERE

The ability of a college or university to develop worthy character in its students depends largely upon that indefinable quality called "college atmosphere." As a mother, she breathes her own soul into her boys. They inherit all she has been through, all of labor and strength and faith and prayer. If her judgments have been bought out with money they inherit that; if with blood they inherit that. Every storm through which she has passed strengthens them for their own conflicts in the days that are to come.

Oglethorpe is a daughter of battle and faith and prayer. God alone built her, touching the hearts of multitudes of His children at the voice of her call. Alone of all the prominent ante-bellum universities she died for her ideals and alone of all the universities of America, God has raised her from the dead.

By her every battle, her every faith, her every

triumph, she has learned what things are really worth while and what hand really to lean upon. She will tell her children of Him.

SPECIAL RELIGIOUS SERVICES

Regular assembly exercises, which the students are required to attend, are conducted by each of the members of the faculty in turn. The student life at Oglethorpe is also blessed by the activities of the Y. M. C. A., and frequent sermons and addresses by visiting pastors and evangelists. A Sunday School Class has been started by the students themselves, which grew to a membership of over eighty.

LIBRARIES

By the generosity of many friends, so great as to be almost unparalleled, the University received during the first year of its life approximately ten thousand volumes for the library. These consist of standard works in Literature, History and Science, with many valuable reference works in special departments. The Private Libraries of Dr. Sellers in Science, and of Dr. Nicolassen in the Classics, are both available for the use of the students in these departments. The policy of the institution is to let no year go without the enlargement of the library. A competent librarian is in charge and the rooms will be open during the year of 1926-27 approximately ten hours per day. The Public Library is also available for the use of our students.

KING LIBRARY OF ENGLISH

By the splendid generosity of Dr. Cheston King the University has been given a Library of English

incomparably the finest south of Washington. The volumes for this library, including some seventeen thousand books and pamphlets, have been received, and are now available for graduate work.

OGLETHORPE COAT-OF-ARMS

Among the unique honors offered at the University is the presentation of a sweater with the Coat-of-Arms blazoned thereon, which will be awarded in the future under the terms of the following resolution unanimously adopted by the Faculty of the University, upon recommendation of the President:

“Resolved, that on and after September 1st, 1922, the Coat-of-Arms of Oglethorpe University shall be given to those students carrying a minimum of fifteen hours weekly, of excellent personal character and conduct, whose general average of all the courses taken during five preceding consecutive terms shall have been not less than 93, or who, in lieu of said general average, shall have so distinguished themselves in some intellectual, creative, or constructive accomplishment as to entitle them thereto in the judgment of the Faculty.”

THE PHI KAPPA DELTA (Honorary)

The Phi Kappa Delta was organized in 1920. Only students of the Junior and Senior class are eligible. The qualifications are scholarship and character.

THE OGLETHORPE IDEA

Quality is the word that expresses the Oglethorpe idea—quality in location, in climate, in campus, in architecture, in student character, in college life, in athletics and sports, in faculty, in curriculum and in religion and morals. Every one of these we offer at Oglethorpe.

Located in the commercial and educational capital of the South, with an unrivaled climate, on the most elegant street of that city, on a most beautiful campus of over one hundred and eighty acres of woodland and meadow, including an eighty-two acre lake which belongs to our students for swimming, boating and fishing, the physical advantages offered by Oglethorpe University are unsurpassed anywhere in the section.

One by one a splendid body of buildings is being erected on its campus. Every one of them will be of granite trimmed with limestone and covered with variegated slates. All of them will be as fire-proof as human skill can make them and as commodious and comfortable as our architects can plan them. They will be like the first buildings already erected, which are believed to be the safest, most beautiful and most efficient college or university buildings in the Southeast.

THE OGLETHORPE SITE—ATLANTA

The attractions of the city of Atlanta as an educational center are fast making it one of the great intellectual dynamos of the nation. Gifted with a soft, Southern mountain climate, convenient of access to the entire nation over its many lines of railway, known everywhere as the center of Southern activities, she draws to herself as to a magnet the great minds of the nation and the world. Hither come lecturers, musicians, statesmen, evangelists, editors, teachers and officials of the United States. An intellectual atmosphere created by such conditions and the frequent opportunity of contact with these leaders in all branches of human activity, offered frequently to our students, give Oglethorpe University an advantage of position and of opportunity which she will cultivate to the uttermost. Facilities for hearing and meeting the great musicians and authors and public speakers and the leaders in all spheres of intellectual activity will be offered our students. The tremendous influence of such contact upon the young lives committed to us will be felt in increased ambition and redoubled determination to perform, themselves, their duty to their race and their God.

THE SILENT FACULTY AT OGLETHORPE

It is not going too far to say that the aesthetic tastes and home habits of many young men are ruined at college by the cheap and unattractive furnishings of their rooms and the ugly forbidding architecture of the buildings, whose walls often deface their campus. The architecture of an institution of learning

should be a constant source of delight and inspiration to its students, teaching quietly but surely the highest ideals of life. Indeed all those qualities of soul we know as honesty, solidity, dignity, durability, reverence and beauty may be expressed in the face of a building as surely as in that of a man, and are so expressed on the Oglethorpe campus.

Not less important are the personal surroundings of the student's room. Cheap, ugly and ill-equipped apartments have exactly the same influence on the soul of a boy that cheap, ugly and ill-equipped human companions have. That is why the rooms at Oglethorpe are handsomely furnished. The sons of the poor are entitled to the information and inspiration such surroundings offer, and the sons of the rich will deteriorate without them.

In brief the college education that does not teach a love of beauty and tidiness and what is popularly called "decency," is essentially and dangerously defective.

This is the special work of the silent faculty at Oglethorpe.

THE EXCEPTIONAL OPPORTUNITIES OF OUR PERSONAL ATTENTION

Young men who desire to enjoy the daily personal contact and instruction of the heads of departments will note with interest that Oglethorpe offers exceptional opportunities of that nature. It is well known that in all our large institutions only the upper classmen come in any close contact with the full Professors, who as heads of departments occupy their time in other matters than educating Freshmen.

We believe in giving our Freshmen the best we have, and they will be taught by men who have taught in or had offered them, chairs in the greatest universities of America. This will be a permanent policy at Oglethorpe.

PHYSICAL TRAINING

All students of all classes are required to take two hours a week of Physical Training. This is intended to keep the body in good condition, and is especially designed for the benefit of those students who do not take part in football, baseball, etc., but who need some stimulus to pay attention to their physical well being.

INFIRMARY

The University maintains at all times an excellent infirmary, with a nurse in attendance, for the prompt treatment of accidents and of such cases of sickness as may occur. By this means prolonged and serious illness can often be prevented. During the recent influenza epidemic vigorous measures were taken at once, with the result that, while there were a relatively small number of cases there were no fatalities.

There is a University physician who can be secured on short notice when his services are needed.

The University makes no charge to the students for infirmary service which includes also the attendance of the college physician in the infirmary. In case of special illness requiring operations or the services of specialists, while the University frequently is able to secure reduced charges for our students, yet we assume no responsibility beyond such services as our college physician and college infirmary are able to render.

EXAMINATIONS AND REPORTS

Examinations will be held once each term, and reports of the students' standing will be issued four times per year.

PUBLIC UTILITIES

Oglethorpe University has the double advantage of being located in the suburbs of Atlanta, so far out as not to be subject to the distractions of city life, yet so near in as to enjoy all the public utilities of a great city. Among these are city water, electric lights, city trolley line, telephone and telegraph service, and in addition thereto the University has its own post-office, express office and railway station, all known as Oglethorpe University, Georgia.

DIRECTIONS TO NEW STUDENTS

Students coming to Oglethorpe University from a distance should remember that Oglethorpe University has its own station on the main line of the Southern Railway between Atlanta and Washington. Tickets

may be purchased and baggage checked to Oglethorpe University, Georgia, the station being immediately in front of the campus. Students coming to Atlanta over other lines may either re-check their baggage to the University station, or may have it delivered at a special rate by the Atlanta Baggage & Cab Company. In using the latter method mention should always be made of the special students' rate at the time the order is given.

WOMAN'S BOARD

One of the most remarkable gatherings, even in this city of remarkable gatherings, was the assembling of approximately two hundred of the representative women of the city of Atlanta at the home of Mrs. Thornwell Jacobs, Saturday afternoon, November 25, 1916, to organize a Woman's Board for Oglethorpe University.

The purpose of the Board is to aid the University in every wise and efficient way, with counsel of and guidance by the proper authorities of the Institution. Already more than four hundred of the finest workers and most representative women of the city have offered their services and joined the organization. Their activities are directed toward the support and development of Oglethorpe in every phase of its growth and activities. Each of the ladies is assigned to the committee on which she feels best able to serve. These committees cover the various departments of the University, and among them are: Ways and Means, Finance, Grounds, Press, Entertainment, Hospital, Music, Library, Arts, Refreshments, Transportation, and such other committees as it may seem wise to the Board from time to time to appoint.

The authorities of the University welcome the formation of this organization with the greatest joy. The mere fact that they have promised a devoted allegiance to the enterprise has its own genuine value, but those who know the women of Atlanta, with their marvelous capacity for earnest and consecrated work directed by a swift and accurate intelligence, will realize what must be the results of the efficient aid which they are giving to the Institution.

The Woman's Board has established a permanent endowment fund and is being incorporated under the laws of Georgia in preparation for handling funds donated or bequeathed to the University through the Woman's Board.

Officers and Chairmen of the various committees have been unanimously chosen as follows:

Mrs. E. Rivers, President; Mrs Charles A. Conklin, First Vice-President; Mrs. Frank Inman, Second Vice-President; Mrs. J. H. Porter, Third Vice-President; Mrs. W. A. Speer, Fourth Vice-President; Mrs. Graham Johnson, Fifth Vice-President; Mrs. I. R. Carlisle, Recording Secretary; Mrs. Fred Stewart, Corresponding Secretary; Mrs. B. F. Ulmer, Treasurer; Mrs. J. K. Ottley, Chairman Executive Committee; Mrs. Chas. A. Conklin, Chairman Girls Committee; Mrs. Forrest Barfield, Chairman Membership Committee; Mrs. G. H. Brandon, Chairman Decoration Committee; Mrs J. W. Peacock, Chairman Players' Club Committee; Mrs. John M. Cooper, Chairman Music Committee; Mrs. Frank Inman, Chairman Grounds Committee; Mrs J. T. Williams, Chairman Hospital Committee; Mrs. Rogers Winter, Chairman Publicity Committee; Mrs. J. H. Porter, Chairman Library Committee; Mrs. W.

O. Foote, Chairman Automobiles Committee; Mrs. C. A. Whittle, Chairman Athletics; Mrs. C. K. Ayer, Chairman Scholarship Committee; Mrs. A. L. Milligan, Chairman Commencement Day; Mrs. H. M. Nicholes, Chairman Scrap-Book; Mrs. Thomas Brumby, Chairman Marietta group; Mrs. Homer V. Jones, Chairman Norcross Club.

Finance Committee: Mrs. Lee Ashcraft, Chairman; Mrs. E. Rivers, Mrs. Katherine H. Connerat, Mrs. Thornwell Jacobs, Mrs. John K. Ottley, Mrs. Chas. A. Conklin, Mrs. B. F. Ulmer, Mrs. Haynes McFadden.

Directors: Mrs. Katherine H. Connerat, Chairman; Mrs. Albert Thornton, Sr., Mrs. J. M. High, Mrs. Isaac Schoen, Mrs. G. H. Carnes.

Advisory Board: Mrs. George W. Brine, Chairman; Mrs. Haynes McFadden, First Vice-Chairman; Mrs. B. K. Boyd, Second Vice-Chairman; Mrs. H. G. Carnes, Mrs. E. P. McBurney, Mrs. Lee Ashcraft, Mrs. E. H. Phillips.

Honorary Presidents: Mrs. Thornwell Jacobs, Mrs. J. T. Lupton, Mrs. Harry P. Hermance, Mrs. James R. Gray, Sr., Mrs. Sam Inman, Mrs. Albert Thornton, Sr., Mrs. Robert J. Lowry.

Through the liberality of a friend, whose name is withheld by request, a fine driveway has been constructed from the University to Peachtree Road; it is called "The Maud Jacobs Driveway," in honor of the first President of the Woman's Board.

COMMENCEMENT

May 21, 1926.

CLASS SALUTATORY—Lamar H. Lindsay.

CLASS VALEDICTORY—John David Baxter.

COMMENCEMENT ADDRESS—Rev. M. Ashby Jones, D. D., Pastor First Baptist Church of St. Louis.

ILLUSTRATED BOOKLET OF VIEWS

The Oglethorpe University Press has published a very beautiful illustrated booklet of views showing the college buildings, many campus views and various features of college life. It also carries with it a four-color reproduction of Audubon's famous picture of The Stormy Petrels for which the athletic teams of the college are named. This booklet is sold for \$1.00 but we will gladly send a copy of it without charge to any prospective student with the understanding that it will be returned to us after inspection.

A postal card addressed to the President will bring a copy of this literature to you by return mail.

For further information address

PRESIDENT OGLETHORPE UNIVERSITY,
Oglethorpe University, Ga.

FORM OF BEQUEST

The proper form for use in making a bequest to Oglethorpe University is as follows:

*"I hereby give and bequeath to Oglethorpe
University, a corporation of DeKalb County,*

Georgia, \$.....

Signature

If you desire to leave property, in addition to, or instead of money, describe the property carefully under the advice of your lawyer. Time and chance work their will upon us all. Now is the hour to attend to this matter. Do now for your university what you would have done.

REVISED CHARTER OF OGLETHORPE UNIVERSITY

PETITION TO AMEND.

GEORGIA—Fulton County.

To the Superior Court of Fulton County:

The petition of Oglethorpe University respectfully shows:

1. That by an order of this honorable court, petitioner was duly incorporated on the 6th day of May, 1913; to which proceedings reference is made.

2. That Paragraph 4 of said charter granted as aforesaid, is sought to be amended by enlarging the scope thereof, by substituting in lieu of the original Paragraph 4 the following:

The corporate functions which shall mean the control of the property of the corporation, its purchase, sale and other disposition shall be by a Board of Trustees of such number as may be provided in the by-laws; no one is or shall ever be eligible to membership on such board except a member in good standing of a Presbyterian or reformed Church. This Board shall be elected from among those of the Board of Founders, hereinafter provided for, who shall possess the requisite qualifications. No mortgage, sale or other disposition of the real property of the corporation shall ever be made except by vote of the Board of Trustees in a regular meeting or in a special meeting called therefor. Notice must be given of the call for any such special meeting of the purpose to consider such disposition.

There shall be a Board of Founders of such number as may be prescribed by the by-laws who shall be persons who have shown their interest in the purposes of the University by contributing thereto, or in whose behalf there has been contributed in cash, property or solvent promises not less than one thousand dollars and who are of such character and with such interest in promoting religion, morality and education as fits them for membership. This Board shall have the power and it shall be its duty to have control and supervision over the educational functions of the University, of its President, officers, faculty, and courses of study; to elect from among its members the Board of Trustees; to borrow money but not to secure the same by lien on the real property; to elect from eligible persons successors of the present Board of Founders; to create an Executive Committee with authority to perform all its functions when the Board is not in session, as may be provided for in the by-laws and to perform generally the administrative functions of the University. The present Board

of Trustees-Founders shall constitute the Board of Founders, whose members and their successors hold for life unless they are removed or resign.

3. That at a regular meeting of the duly authorized officers of the corporation held in accordance with the charter thereof, the aforesaid amendment was authorized as appears from a copy of the resolutions attached hereto, marked EXHIBIT A.

WHEREFORE, petitioner prays an order of this honorable court amending its charter as aforesaid.

WATKINS, ASBILL & WATKINS,
Attorneys for Petitioner.
403-10 Atl Trust Co. Bldg.

EXHIBIT "A"

Resolved by the Board of Trustees-Founders of Oglethorpe University that paragraph 4, as it now reads in the original charter thereof dated May 6, 1913, be stricken and in lieu thereof, a new paragraph 4 shall be inserted as follows:

The corporate functions which shall mean the control of the property of the corporation, its purchase, sale and other disposition shall be by a Board of Trustees of such number as may be provided in the by-laws; no one is or shall ever be eligible to membership in such board except a member in good standing of a Presbyterian or Reformed Church. This Board shall be elected from among those of the Board of Founders, hereinafter provided for, who shall possess the requisite qualifications. No mortgage, sale or other disposition of the real property of the corporation shall ever be made except by vote of the Board of Trustees in a regular meeting or in a special meeting called therefor. Notice must be given of the call for any such special meeting of the purpose to consider such disposition.

There shall be a Board of Founders of such number as may be prescribed by the by-laws who shall be persons who have shown their interest in the purposes of the University by contributing thereto, or in whose behalf there has been contributed in cash, property or solvent promises not less than one thousand dollars and who are of such character and with such interest in promoting religion, morality and education as fits them for membership. This Board shall have the power and it shall be its duty to have control and supervision over the educational functions of the University, of its President, officers, faculty, and courses of study; to elect from among its members the Board of Trustees; to borrow money but not to secure the same lien on the real property; to elect from eligible persons successors of the present Board of Founders;

to create an Executive Committee with authority to perform all its functions when the Board is not in session, as may be provided for in the by-laws and to perform generally the administrative functions of the University. The present Board of Trustees-Founders shall constitute the Board of Founders, whose membersh and their successors shall hold for life unless they are removed or resign.

Resolved further that the President of the Board of Trustees-Founders be authorized and directed to take the necessary steps to amend the Constitution of Oglethorpe University as herein before resolved.

I, Joseph R. Murphy, Secretary, Board of Trustees-Founders, Oglethorpe University, hereby certify that the above and foregoing resolutions were duly and legally passed at a legal meeting of the Board of Trustees-Founders of Oglethorpe University on the twenty first of October, 1926.

JOSEPH R. MURPHY, Secretary.

Filed in office, this 28th day of October, 1926.

T. C. MILLER, Clerk.

STATE OF GEORGIA—County of Fulton.

I, T. C. Miller, Clerk of the Superior Court of Fulton County, Georgia, do hereby certify that the foregoing is a true and correct copy of the application for amendment to charter in the matter of

OGLETHORPE UNIVERSITY

as the same appears of file in this office.

Witness my official signature and the seal of said court, this the 28th day of October, 1926.

T. C. MILLER,

Clerk Superior Court, Fulton County, Ga.
(Seal of the Court) Oct. 28 Nov 4, 11, 18.
